2021 RFP
Bids opened November 15, 2021
Bid for complete removal and disposal of 300 dry tons of sludge from Trails West lagoon.

Date: December 16, 2021

To: Board of Trustees

From: Tom Ratermann

Subject: Trails West Lagoon Sludge Hauling and Disposal

3 bids were received for the above-subject sludge removal and disposal. They are:

\$261,000 from Missouri Biosolids at \$870 per dry ton;
\$173,400 from Hodges Farms & Dredging at \$578 per dry ton; and
\$ 119,100 from Nutri-Ject Systems at \$397 per dry ton.

The Sewer District recommends that the Board of Trustees award this contract to Nutri-Ject Systems in accordance with the request for bids. References and schedules have been evaluated for Nutri-Ject and they are acceptable. Requests for bids were sent to 5 contractors. Also, a legal notice was advertised in a local newspaper. This is not a prevailing wage project because this project is necessary to maintain the lagoon as an effective wastewater treatment facility.
