Section 602. Application of Moneys in Funds and Accounts.

(a) The District will apply moneys in the Revenue Fund on the dates, in the amounts and in the order as follows:

(1) *Operation and Maintenance Account*. On the first day of each month, to the Operation and Maintenance Account an amount sufficient to pay the estimated cost of operating and maintaining the System during the month, which amount shall include (i) on the dates required by the Outstanding Parity Bond Resolution, the amounts required to pay the fees described in the Outstanding Parity Bond Resolution, if any, and (ii) on the dates required by Section 211(a), transfers to the Paying Agent for further deposit to the Administrative Expense Fund, the amounts required to pay the Administrative Fee and the Paying Agent’s Fees and expenses, the District’s Allocable Portion of the Trustee’s Fee, if any, and the District’s Allocable Portion of the Master Trustee’s Disclosure Fee, if any;

(A) on June 25, 2004 to and including December 25, 2004, to the Interest Account 1/7 of the amount of interest on the Bonds due on January 1, 2005, less accrued interest, if any, deposited to the Interest Account; and on January 25, 2005 and thereafter 1/6 of the amount of interest due on the Bonds on the next Interest Payment Date, with these monthly payments to be reduced as follows:

If the Initiation of Operation specified in the certificate delivered by the District under Section 3.5 of the Purchase Agreement is earlier than the expected Initiation of Operation on the District's signature page to the Purchase Agreement, (i) the first monthly installment of principal will be paid no later than the monthly payment date which is not more than 12 months after the Initiation of Operation, and (ii) on the monthly payment date which is not more than 20 years after the Initiation of Operation, all remaining unpaid principal installments will be paid;

(3) *Debt Service Reserve Account.* On the first day of each month, to the Outstanding Parity Bond Debt Service Reserve Account as required by the Outstanding Parity Bond Resolution and, in the event the Trustee has withdrawn moneys from the Reserve Account (other than investment earnings or the amount transferred from the Reserve Account upon the payment of principal on the Bonds), to the Reserve Account all available moneys until the Reserve Account has been replenished pursuant to the Indenture;

(4) *Depreciation and Replacement Account.* On the first day of each month, to the Depreciation and Replacement Account, the amount required by the User Charge Resolution;

(5) *Budget Stabilization Account.* On the first day of each month, to the Budget Stabilization Account, an amount equal to no less than 1/12th of the annually designated amount of Accumulated Revenues as established by resolution of the Governing Body of the District until the amount on deposit in said account aggregates the annually designated amount of Accumulated Revenues; and

(6) *Surplus Account.* On the first day of each month the remaining balance to the Surplus Account.

(b) If the amounts in the Revenue Fund and the Budget Stabilization Account are not sufficient to make the payments at the time required to be made by the District to the Interest Account, the Principal Account and the Outstanding Parity Bond Debt Service Account, the District will apply the remaining balance in the Revenue Fund on a proportionate basis (based upon the outstanding principal amounts of the Bonds and the Outstanding Parity Bonds) to the Principal Account, the Interest Account and the Outstanding Parity Bond Debt Service Account.

(c) If the amounts in the Revenue Fund and the Budget Stabilization Account are not sufficient to make the payments at the time required to be made by the District to the Reserve Account and the Outstanding Parity Bond Debt Service Reserve Account, the District will divide the balance in the Revenue Fund between the Reserve Account and the Outstanding Parity Bond Debt Service Reserve Account on a proportionate basis (based upon the outstanding principal amounts of the Bonds and the Outstanding Parity Bonds).

(d) Except as provided in Section 603, moneys in the Depreciation and Replacement Account will be used by the District for the purpose of making replacements and repairs to the System in order to keep the System in good repair and working order and to assure the continued effective and efficient operation of the System. This provision will not be construed to modify any more restrictive provisions of the Outstanding Parity Bond Ordinance for the use of moneys in the Depreciation and Replacement Account.

(e) Moneys in the Surplus Account are to be expended for the following purposes as determined by the District:

(1) paying the cost of the operation, maintenance and repair of the System to the extent necessary after the application of the moneys held in the Operation and Maintenance Account and in the Depreciation and Replacement Account;

(2) paying the cost of extending, enlarging or improving the System;

(3) preventing default in, anticipating payments into or increasing the amounts in the accounts confirmed or established in Section 401, the Principal Account, the Interest Account, the Reserve Account, the Budget Stabilization Account or the Depreciation and Replacement Account, or establishing or increasing the amount of any debt service account or debt service reserve account created by the District for the payment of any System Revenue Bonds subsequently issued; or

(f) All amounts paid and credited to the Operation and Maintenance Account will be expended solely for the purpose of paying the Current Expenses of the System.

(g) No moneys derived by the District from the System will be diverted to the general governmental or municipal functions of the District.

(h) If the deposits to the Operation and Maintenance Account (the “OM Deposits”) required under this Section are greater than the OM Deposits required in the User Charge Resolution, the OM Deposits under the User Charge Resolution will be deemed a credit toward OM Deposits required under this Section. If the OM Deposits required under this Section are less than those required in the User Charge Resolution, OM Deposits under this Section will be deemed a credit to OM Deposits required under the User Charge Resolution.

Section 4. Deficiency of Payments into Funds and Accounts. Section 603 of the Series 2004 Bond Resolution is hereby amended and restated as follows:

Section 603. Deficiency of Payments into Funds and Accounts.

(a) If the Revenues are insufficient to make any payment on any date specified in this Article, the District will make good the amount of the deficiency by making additional payments out of the first available Revenues for application in the order specified in Section 602.

(b) If the moneys in the Outstanding Parity Bond Debt Service Account, the Outstanding Parity Bond Debt Service Reserve Account, the Outstanding Parity Bond Debt Service Reserve Account, the Principal Account, the Interest Account, the Reserve Account and the Budget Stabilization Account are not sufficient to pay the principal of and interest on the Outstanding Parity Bonds and the Bonds as and when the same become due, the District will apply moneys in the Surplus Account and the Depreciation and Replacement Account on a proportionate basis (based upon the outstanding principal amounts of the Bonds, and the Outstanding Parity Bonds) to the Principal Account, the Interest Account and the Outstanding Parity Bond Debt Service Account to prevent any default in the payment of the principal of and interest on the Bonds and the Outstanding Parity Bonds.

Section 5. Transfer of Funds to Paying Agent. Section 604 of the Series 2004 Bond Resolution is hereby amended and restated as follows:

Section 604. Transfer of Funds to Paying Agent. The officers of the District, including the Chairman of the Board of Trustees, the Secretary of the Board of Trustees, the General Manager and the District Manager, Finance & Administration, are authorized and directed to make the payments to the Principal Account and the Interest Account as provided in Section 602 (which authorization includes withdrawals from the Budget Stabilization Account, and, to the extent necessary to prevent a default in the payment of the Bonds, withdrawals from the Surplus Account and from the Depreciation and Replacement Account as provided in Sections 602 and 603), sums sufficient to pay the Bonds when due, and to forward amounts to the Paying Agent in a manner which ensures the Paying Agent will have sufficient available funds on or before the second Business Day immediately preceding the dates when payments on the Bonds are due. Upon the payment of all principal and interest on the Bonds, the Paying Agent will return any excess funds to the District. Except as otherwise provided in the Indenture, all moneys deposited by the District with the Paying Agent are subject to the provisions of this Resolution.

Section 6. Rate Covenant. Section 802 of the Series 2004 Bond Resolution is hereby amended and restated as follows:

Section 802. Rate Covenant. The District will fix, establish, maintain and collect rates, fees and charges for the use and services furnished by or through the System to produce income and revenues sufficient to (a) pay the costs of the operation and maintenance of the System; (b) pay the principal of and interest on the Bonds as and when due; (c) enable the District to have in each Fiscal Year Net Revenues plus Accumulated Revenues, if any, of not less than 110% of the amount required to be paid by the District in the Fiscal Year on account of both principal of and interest on all System Revenue Bonds at the time outstanding, provided that (i) interest on any System Revenue Bonds will be reduced by Subsidy Payments, if any, and (ii) principal and/or interest on any System Revenue Bonds will be reduced by amounts deposited in trust or escrowed for the payment thereof with the Owner or commercial bank or trust company located in the State of Missouri having full trust powers and acting as trustee or escrow agent and that are reasonably expected to be used for the payment of principal and/or interest on any System Revenue Bonds during the calculation period; and (d) provide reasonable and adequate reserves for the payment of the Bonds and the interest thereon and for the protection and benefit of the System as provided in this Resolution. The District will require the prompt payment of accounts for service rendered by or through the System and will promptly take whatever action is legally permissible to enforce and collect delinquent charges. Each Fiscal Year, the District shall review the rates, fees and charges for the use and services furnished by or through the System and revise such rates, fees and charges as necessary to ensure that the System generates Net Revenues sufficient to meet the requirements of this Section, taking into consideration available Accumulated Revenues, if any.

Section 7. Parity Lien Bonds or Obligations. Section 902 of the Series 2004 Bond Resolution is hereby amended and restated as follows:

Section 902. Parity Lien Bonds or Obligations.

(a) The District will not issue any additional bonds or other long-term obligations payable out of the Net Revenues of the System that stand on parity or equality with the Bonds unless the following conditions are met:

(1) the District is not in default in the payment of principal or interest on the Bonds or any Parity Bonds or in making any deposit into the funds and accounts under this Resolution or any Parity Resolution; and

(2) the District provides to the Owner a certificate showing either of the following:

(A) the average annual Net Revenues plus Accumulated Revenues, if any, as set forth in the two most recent annual audits for Fiscal Years preceding the issuance of additional bonds, are at least 110% of the average annual debt service on the System Revenue Bonds, including the additional bonds proposed to be issued, to be paid out of the Net Revenues in all succeeding Fiscal Years. Interest to be paid on any System Revenue Bonds will be reduced by Subsidy Payments, if any. Principal and/or interest to be paid on any System Revenue Bonds will be reduced by amounts deposited in trust or escrowed for the payment thereof with the

Owner or commercial bank or trust company located in the State of Missouri having full trust powers and acting as trustee or escrow agent and that are reasonably expected to be used for the payment of principal and/or interest on any System Revenue Bonds during the calculation period. If the District has made any increase in rates for the use and services of the System and the increase has not been in effect during all of the two Fiscal Years for which annual audits are available, the District may add to the audited Net Revenues the additional Net Revenues that would have resulted if the rate increase had been in effect for the entire period, as certified by a Consultant; or

(B) the estimated average annual Net Revenues for the two Fiscal Years immediately following the issuance of the additional bonds or, if improvements are to be made to the System with the proceeds of the additional bonds, for the two Fiscal Years immediately following the Fiscal Year in which the improvements to the System being financed by the additional bonds are to be in commercial operation, as certified by a Consultant, plus Accumulated Revenues, if any, as set forth in the most recent annual audit for the Fiscal Year preceding the issuance of additional bonds, is at least 110% of the average annual debt service on the System Revenue Bonds, including the additional bonds proposed to be issued, to be paid out of the Net Revenues in succeeding Fiscal Years following the commencement of commercial operation of the improvements. Interest to be paid on any System Revenue Bonds will be reduced by Subsidy Payments, if any. Principal and/or interest to be paid on any System Revenue Bonds will be reduced by amounts deposited in trust or escrowed for the payment thereof with the Owner or commercial bank or trust company located in the State of Missouri having full trust powers and acting as trustee or escrow agent and that are reasonably expected to be used for the payment of principal and/or interest on any System Revenue Bonds during the calculation period. In determining the amount of estimated Net Revenues for the purpose of this subsection, a Consultant may adjust the estimated net income and revenues by adding the estimated increase in Net Revenues resulting from any increase in rates for the use and services of the System approved by the District and to become effective during the two Fiscal Years immediately following the Fiscal Year in which the improvements to the System being financed by the additional bonds are to be in commercial operation.

(b) If the conditions set forth in this Section are satisfied, the District (i) may issue additional revenue bonds or other obligations of the District on a parity with the Bonds and that enjoy complete equality of the lien on the Net Revenues with the Bonds, (ii) may make equal provision for paying the additional revenue bonds or other obligations from the Revenue Fund, and (iii) may secure the additional revenue bonds or other obligations by funding reasonable System debt service accounts and debt service reserve accounts from the Net Revenues.

Section 8. Ratification of Series 2004 Bond Resolution. Except as otherwise provided in this Resolution, the provisions of the Series 2004 Bond Resolution are hereby ratified, approved and confirmed.

Section 9. Further Authority. The officers of the District, including the Chairman of the Board of Trustees, the Secretary of the Board of Trustees, the General Manager and the District Manager, Finance & Administration, are authorized and directed to execute all documents and take the actions as are necessary or advisable in order to carry out and perform the purposes of this Resolution and to make ministerial changes in the documents approved by this Resolution which they may approve. The execution of any document or taking of any related action constitutes conclusive evidence of the necessity or advisability of the action or change.

Section 10. Electronic Transactions. The transactions described in this Resolution and the Bonds may be conducted and related documents may be stored, received and delivered by electronic means. Copies, telecopies, facsimiles, electronic files and other reproductions of original executed documents shall be deemed to be authentic and valid counterparts of such original documents for all purposes, including the filing of any claim, action or suit in the appropriate court of law.

Section 11. Severability. If any section or other part of this Resolution is for any reason held invalid, the invalidity will not affect the validity of the other provisions of this Resolution.

Section 12. Governing Law. This Resolution is governed by and will be construed in accordance with the laws of the State.

Section 13. Effective Date. This Resolution shall take effect and be in full force from and after its passage by the Governing Body.
