RE: 5550 W. Gillespie Bridge Road – Consent to Serve

Dear BCRSD:

On behalf of my client, Faye Nowell, we are requesting that the BCRSD board of directors consent to allow the City of Columbia to provide sewer service to 5550 Gillespie Bridge Road. The property lies east of Perche Creek, and appears to be sufficiently far away from any BCRSD facilities. We are requesting this in the event that the property does not annex for some reason, yet still may be allowed to connect to city sewer. See the snip image below for the location of the property in question. Let me know if you have any questions.

Sincerely,
Crockett Engineering Consultants, LLC
