Qualifications: Received Bachelor of Science Degree in Civil Engineering (Environmental Emphasis) from the University of Missouri in 1980.

Worked for Engineering Surveys and Services in Columbia, MO from February of 1978 through December of 2017. Worked there part time for 2 years during College. Started working there full time as an Environmental Engineer after graduating from MU. I became a Licensed Professional Engineer in 1985 and was promoted to Vice President of Engineering. In 1987, I became one of three Owners of the Company. I became President of the Company the last 2 years of my tenure, prior to my retirement at the end 2017.

My design experience includes Site Planning and Development for all types and sizes of residential, commercial and institutional facilities. In addition, a large part of my experience was gained through the design of wastewater and water distribution systems, as well as design of private and commercial wastewater treatment systems.

I was also responsible for the Environmental Testing Laboratory that was part of the services offered by Engineering Surveys & Services. The Clients who used our laboratory services came from private, commercial, institutional, industrial and municipal sources and a large portion of our testing was done to allow our laboratory Clients to monitor their regulatory compliance with State (NPDES) and Federal discharge permit requirements.

Past Community Service:

9 years as a member of the City of Columbia Building Construction Codes Commission

6 years as a member of the Boone County Onsite Wastewater Review Board (served as Chairman of that Board for my last two years)
