SECTION 1: INTRODUCTORY PROVISIONS

1.1: AUTHORITY

The Board of Trustees (the “Board of Trustees”) of the Boone County Regional Sewer District (the “District”) establishes these policies and procedures. Administration of and compliance with these policies and procedures is delegated by the Board of Trustees to the Manager of Human Resources of the District (the “HR Manager”).

1.2: PURPOSE

The purpose of these policies and procedures is to provide for an equitable and standardized system of personnel administration.

1.3: SCOPE

These policies and procedures shall apply to all employees of the District.

1.4: VIOLATION OF POLICIES

A violation of or failure to adhere to the policies or procedures contained in this manual or abuse or misuse of the benefits described in this manual by an employee of the District may result in disciplinary action, up to and including termination, for such employee.

1.5: AMENDMENTS

The provisions of and policies and procedures contained in this manual are subject to change at any time, with or without notice, by action of the Board of Trustees.

SECTION 2: EMPLOYMENT

2.1: AT-WILL EMPLOYMENT:

Unless a contract for employment between the employee and the Board of Trustees has been executed, employment with the District is classified as non-contractual, or “at-will”, employment. When the employment is "at-will", either the District or the employee may terminate such employment at any time and for any or no reason, subject only to limited restrictions imposed by state and federal law. At-will employment extends for an indefinite period of time until either the District or the employee terminates the relationship.

The policies set forth in this manual are not intended to create a contract, nor are they to be construed to constitute contractual obligations of any kind, or a contract of employment between the District and any of its employees. The terms and conditions of employment for employees who have a contract with the District that is signed or approved by the Board of Trustees are subject to the policies set forth in this manual, subject to the terms of such contract.

2.2: APPLICATION FOR EMPLOYMENT:

All applicants are required to fill out an application for employment. Applications may require details concerning education, experience, reference, and other pertinent information. All applications should be signed by the applicant attesting to the accuracy and truthfulness of the information provided. Applicants are encouraged to include resumes when appropriate for the position but may not substitute a resume for the application.

Any misrepresentation, falsification or material omission in any of this information may result in the exclusion of the individual from further consideration for employment or, if the person has been hired, termination of employment.

2.3: EMPLOYMENT REFERENCE:

To ensure that District employees are well qualified and have a strong potential to be successful, the District will check applicants’ references and perform background checks when appropriate. The HR Manager retains the right to request verification of education, experience, and other information provided by the applicant

2.4: FULL TIME/PART TIME POSITIONS:

- 1. Full Time Position:** Standard labor practice is to consider a full time position as working 2080 hours annually. A full time employee of the District is budgeted for 2080 work hours per year annually in each budget year, generally assumed to be 40 hours per each week of the year (considering adjustments for earned time for vacation pay, holiday pay, and sick pay).
- 2. Part Time Position:** A part time employee includes any employee which is budgeted for less than 2080 work hours per year annually in each budget year.

2.5: BENEFITED AND NON-BENEFITED POSITIONS:

All full time positions at the District are considered to be Benefited Positions.

A part-time position, upon approval by the Board of Trustees, may be eligible for benefits if the position is budgeted for a minimum of 1,000 work hours per year. Accrual rates for sick pay, vacation pay, and holiday pay will be pro-rated based upon the ratio of part-time budgeted hours for the position compared to a full time position.

2.6: TEMPORARY POSITIONS:

Temporary employees may be hired as interim replacements, to temporarily supplement the work force or to assist in completion of a specific project. Employment beyond any initially stated period does not in any way imply a change in temporary employment status. Temporary employees retain that status unless and until notified of a change by the HR Manager.

Temporary employees receive legally mandated benefits, such as workers' compensation insurance and Social Security, but they are ineligible for other benefits provided for employees in Benefited Positions.

If a temporary employee is transferred to a Benefited Position without a break in service, the employee will receive a balance of vacation and sick leave calculated from the first day of temporary employment. The employee will be credited with the length of service from the initial date of hiring by the District for the purpose of determining the monthly vacation accrual rate.

2.7: POSITION DESCRIPTIONS:

The District has developed descriptions for the various administrative and operational positions within the District. Position descriptions include description of work and essential functions for the position, as well as necessary qualifications, experience and education requirements, skills and abilities needed, any required licensing or certifications, and necessary physical requirements.

Position descriptions may be amended or deleted, and new position descriptions approved, by the Board of Trustees from time to time with or without notice.

2.8: PAY CLASSIFICATIONS:

Each job description defines a level of knowledge, experience, training, and other factors required for that position. The District has established a set of pay ranges which are amended from time to time by the Board of Trustees based on comparative wage information and other factors. Positions with similar requirements and responsibilities are classified and grouped into similar pay ranges, each with a minimum and maximum rate of pay for each classification.

Pay classifications do not guarantee employment for any specified period of time nor do they affect the at-will nature of an employee's employment with the District.

2.9: SIX-MONTH PROBATIONARY PERIOD:

District employees are subject to a probationary period of six (6) months beginning on the employee's first day of employment with the District. This probationary period is an integral part of the employment process. During the probationary period, the employee's work will be observed to ensure the employee is able to perform the duties and responsibilities as assigned. An employee whose performance does not meet the required standards and expectations may be considered for replacement at the end of an unsatisfactory probationary period or at any time during the probationary period. At the discretion of the HR Manager, the probationary period may be extended by consultation with and written notice to the employee for not longer than an additional six (6) months (a total probationary period of twelve (12) months). This provision shall not be construed to alter the at-will nature of any employee's employment with the District.

New District employees do not accrue vacation hours during the probationary period.

However, upon successful completion of the probationary period, vacation hours are calculated from the initial date of hire. Employees may use accumulated sick leave hours during the probationary period according to the Sick Leave Policy described in this manual. Employees serving a probationary period are ineligible to receive merit increases.

2.10: SIX-MONTH QUALIFYING PERIOD:

District employees are subject to a qualifying period of six (6) months following a transfer from one position with the District to another position with the District. This qualifying period is an integral part of the process of transferring employees to different positions within the District. During the qualifying period, the employee's work will be observed to ensure the employee is able to perform duties and responsibilities as assigned. An employee whose performance does not meet the required standards and expectations may be considered for replacement at the end of an unsatisfactory qualifying period or at any time during the qualifying period. At the option of the HR Manager, the qualifying period may be extended by consultation with and written notice to the employee for an additional six (6) months (a total qualifying period of twelve (12) months). An employee whose performance does not meet the required standards and expectations may be transferred back to the employee's previous position or another open position with the District at the sole discretion of the General Manager, but nothing in this provision shall be construed to create a right for the employee to return to a previous position, or any other position, with the District. Nothing in this provision shall be construed to alter the at-will nature of any employee's employment with the District.

During a qualifying period, employees may use accumulated vacation hours and sick leave subject to receiving the approval of the HR Manager.

2.11: ACTING APPOINTMENTS

From time to time, a vacancy may occur for a position which cannot be left vacant for any but the shortest time, meaning the normal process for advertising for and evaluating candidates cannot be met. When such a situation occurs, or for some other reason it is not feasible to make a permanent appointment, the Board of Trustees may appoint an employee in an acting and temporary capacity. The duration of such an appointment shall be at the discretion of the General Manager but shall not exceed six (6) months without approval of the Board of Trustees.

2.12: PERFORMANCE EVALUATIONS:

Upon completion of the probationary period and qualifying period, the employee's supervisor may furnish the employee with a written evaluation of job performance that may be included in the employee's personnel file. Such evaluation may be used to determine that the employee has satisfactorily completed the probationary period or qualifying period.

Supervisors and employees are strongly encouraged to discuss job performance, goals and needed training on an informal, day-to-day basis. Such discussions help to identify deficiencies in training or need for remedial or disciplinary action as soon as possible.

An employee's supervisor may conduct an annual performance evaluation. Such evaluation provides the supervisor and the employee an opportunity to discuss job tasks, identify and correct weaknesses, encourage and recognize strengths, and develop positive, purposeful approaches for meeting and exceeding goals. Performance evaluations become a part of the employee's permanent personnel file. Performance evaluations may be used in awarding promotions or pay increases.

The General Manager is required to certify that a current annual evaluation exists prior to providing merit increases.

2.13: EMPLOYEE RECORDS:

The HR Manager will maintain a complete personnel record for each employee. This personnel record may include: job application, resume, classification and salary changes, bi-weekly time records reflecting time worked and overtime, special leaves of absence, vacation, sick and medical leave, evaluations, meritorious achievements or disciplinary actions, all reports related to employee appeals or disputes, letters of resignation, and all other correspondence generated by the employee, the immediate supervisor, the HR Manager and/or the General Manager, related to the employee's job performance or duties.

The General Manager shall delegate a manager of administration or such other administrative staff as required, to maintain a personnel file on each employee which may contain: original application for employment; pre-employment reference; personnel action forms; information regarding rate of pay; benefit status; and any record required for benefit delivery or reporting reasons (i.e. FICA, Federal and State taxes, etc.). The information contained in the personnel file regarding the employee's name, positions, salaries and lengths of service is open and available to the public for inspection and copying. All other information contained in the employee's personnel file may be made available to persons other than those noted above only upon written approval signed by the employee and the manager of administration or such other administrative staff as delegated by the General Manager.

Personnel records for an individual employee maintained by administrative staff shall be open and accessible to the employee during their employment upon written request and approval of the General Manager. However, the employee may not have access to pre-employment information. An individual employee's personnel records shall not be available to the employee after the employee ceases employment with the District unless requested in writing by the employee and the General Manager approves the request, except to the extent that the requested information is open and available to the general public.

Subject to any provisions of the law requiring access to employee records, personnel records maintained by the General Manager or delegated administrative staff are considered the property of the District, as employer, and not the property of the employees. Employee records in personnel files shall be closed records except for the employee's name, title, date(s) of employment, rate of pay and salary history.

2.14: EMPLOYMENT SEPARATION:

Some of the most common circumstances of separation of employment with the District are:

1. **Resignation:** Voluntary employment termination initiated by an employee.
2. **Dismissal:** Involuntary termination of employment initiated by the District.
3. **Retirement:** Voluntary employment termination initiated by an employee who meets age, length of service, and any other criteria for retirement from the District.
4. **Layoff:** Involuntary employment termination by the District for reasons unrelated to the employee's job performance.

An employee resigning from District employment shall present a written resignation to the General Manager. Employees are encouraged to provide as much notice as possible, and should at a minimum provide the following notice:

1. Hourly Paid Employee - 2 Weeks
2. Supervisory/Management Employee - 4 Weeks

Nothing in this section shall be construed to alter the at-will nature of any employee's employment with the District.

Based on the type of employment separation, some benefits may be continued at the employee's expense if the employee so chooses. The employee will be notified in writing of the benefits that may be continued and of the terms, conditions, and limitations of such continuance. (For further explanation, refer to the Employee Benefits Section, Benefits Continuation - COBRA).

Upon separation of employment, any accrued, vested benefits that are due and payable at termination required by law will be paid. (For further explanation, refer to Section 4.4 Termination Pay.)

Employees are encouraged to provide the District with current contact information in the future, in order to be apprised of changes to benefit plans which may affect them.

2.15: EQUAL OPPORTUNITY EMPLOYER:

The District provides equal employment opportunities to all employees and applicants for employment and complies with all federal, state, and local fair employment practices laws. The

District strictly prohibits and does not tolerate harassment or discrimination against employees, applicants for employment or any other covered persons because age, race, religion, creed, skin color, sex (including gender, pregnancy, sexual orientation, and gender identity or expression), national origin or ancestry, veteran status, disability, or any other protected class. The District reasonably accommodates the religious observances, beliefs and practices of all employees. This policy applies to all terms and conditions of employment, including hiring, placement, promotion, termination, layoff, transfer, leaves of absence, compensation and benefits.

2.16: AMERICANS WITH DISABILITIES ACT/HUMAN RIGHTS LAW:

The District does not discriminate against persons with disabilities and complies with the Americans with Disabilities Act and all applicable related state and local laws. Job applicants are not asked about disabilities in the employment selection process except as it would relate to performance of the essential functions of the position. The District will reasonably accommodate qualified individuals with a disability if such accommodation would allow the individual to perform the essential function of the job, unless doing so imposes an undue hardship on the District.

SECTION 3: EMPLOYMENT BENEFITS

The Board of Trustees is responsible for determining benefits offered to District employees. Benefits may be altered, amended, and have additions and or deletions with or without notice and may be based upon factors that sometimes cannot be predicted.

3.1: RETIREMENT CONTRIBUTIONS:

The District offers a 457(b) tax advantaged retirement plan. All full-time permanent employees who are at least 18 years of age and have worked at least one (1) year for the District are eligible to participate in the plan. Each payroll a percentage of the employee's base pay is contributed to the employee's plan by the District. The percentage of District contribution, any requirement for a matching contribution by the employee, and all other terms and conditions of retirement plan contributions are reviewed and approved by the Board of Trustees annually. In addition, employees have the opportunity to contribute a portion of their salary to the plan as well. For both the District and employee contributions, the employee chooses how the funds are invested from a menu of available investments provided by the plan administrator. More information, investment options, etc., are provided by the plan administrator. In the event of any conflict between the policies contained herein and the plan documents, the plan documents control. Please contact the HR Manager to obtain the plan documents or contact information for the retirement plan administrator.

3.2: RETIREMENT CONTRIBUTIONS FOR FORMER EMPLOYEES:

Previous employees who were eligible to participate in the 457(b) retirement plan at the time of their separation and are subsequently re-hired by the District within one (1) year for another benefit-eligible position will be eligible to again participate in the retirement plan at the end of their probationary period. Previous employees who were NOT eligible to participate in the 457(b) retirement plan at the time of their separation and are subsequently re-hired by the District within one (1) year will receive credit for the time previously worked toward the one year eligibility requirement for participation in the plan. If the period of time of previous employment plus the six-month probationary period exceeds one year, eligibility to participate in the plan will commence at the end of the probationary period.

3.3: HOLIDAYS:

The District follows the holiday schedule designated by the Boone County Commission ("Commission") for each calendar year. These are generally those holidays recognized by the State of Missouri, which include New Years' Day; Martin Luther King, Jr. Day; Lincoln's Day; President's Day; Truman's Day; Memorial Day; Juneteenth; Independence Day; Labor Day; Indigenous People's Day; Veteran's Day; Thanksgiving Day, and Christmas Day. Generally, a list of observed holidays is available at the beginning of each calendar year. Time off for holidays shall not be compensated except as outlined in the Holiday Pay policy below.

3.4: HOLIDAY PAY:

Benefited employees receive holiday pay for designated holidays. In order to receive holiday pay, an employee must be on the payroll and in pay status the workday immediately before and the workday immediately following the holiday. An employee is in pay status when the

employee is on duty or on an authorized leave other than leave of absence. **Employees who terminate their employment, for any reason, shall not be eligible for holiday pay unless he/she is in attendance at work on the day before and the day after a holiday.**

Holiday pay for full time employees is eight (8) hours of regular pay. Holiday pay for part time employees is computed as follows:

$$\frac{\text{Number of budgeted hours for position per year} \times 8 \text{ hours} \times \text{hourly rate}}{2080 \text{ hours}}$$

If a benefited employee works on a holiday, he/she will receive both holiday pay as outlined above and compensation for actual hours worked.

If a holiday occurs while an employee is on vacation or sick leave, time will not be charged against the employee's accumulated vacation leave or sick leave balance.

3.5: VACATION LEAVE:

Benefited full time employees accrue vacation leave according to length of employment, as follows:

Completed Years	Monthly Accrual	Yearly Accrual
6 months - 1 year ^{1*}	6.67 hr/mo	5 days
1 year	6.67 hr/mo	10 days
2 year	7.33 hr/mo	11 days
3 year	8.00 hr/mo	12 days
4 year	8.67 hr/mo	13 days
5 year	9.33 hr/mo	14 days
6-10 year	10.00 hr/mo	15 days
10 + years	13.33 hr/mo	20 days

Temporary Employees: Temporary employees are non-benefited and therefore do not accrue vacation leave. However, if a temporary employee moves to a benefited position without interruption of service, the employee will be credited with vacation leave from the date of initial employment.

Benefited employees with less than 80 compensatory hours for any bi-weekly pay period receive a pro-rated vacation accrual.

Vacation leave should be scheduled and approved by the employee's immediate supervisor in advance according to policy established by the General Manager.

Maximum Leave Accrual: The maximum annual leave any employee may accrue at any time shall not exceed twice his or her annual accrual rate. Any annual leave above the maximum accrual allowed will be forfeited. **No employee may have a negative vacation leave balance.**

* Employees are not entitled to use of vacation hours during the employee's probationary period. Upon successful completion of the probationary period, vacation hours available to the employee are calculated from the date of initial employment.

Payment at Termination: Upon termination, an employee will be paid for vacation leave time accrued, subject to maximum compensation equal to twice his or her annual accrual rate. Any accrued leave in excess of that calculation shall be forfeited.

Vacation Leave For Former Employees: Benefited employees who terminate their service with the District and are re-hired within one (1) year in a benefited position may accrue vacation leave based on their original hire date at the discretion of the General Manager.

3.6: SICK LEAVE:

Benefited full time employees accrue sick leave at the rate of one (1) day per month. Benefited employees with less than 80 compensatory hours for a bi-weekly pay period receive a pro-rated sick leave accrual for that bi-weekly pay period. See Section 7.1 for information related to FMLA leave, which may also apply in circumstances described in this section.

The District has utmost concern for the health and welfare of all of its employees, and the use of sick leave shall be granted for proper cause. It is not an inherent right of the employee to be absent from work, as it may cause disruptions in the workplace and to other employees. Therefore identifiable misuse of sick leave shall be just cause for disciplinary action up to and including termination.

Employees may use their sick leave under the following conditions or situations:

1. The employee is unable to perform his or her duties due to illness or injury;
2. Medical or dental care of the employee or dependent (immediate family);
3. The employee has been exposed to a contagious disease(s) and may endanger others through contact;
4. Illness of employee's spouse, child, mother, father, brother, sister, legal wards, mother-in-law, and father-in-law requiring the employee to attend or care for such individual under the directives of a licensed physician;
5. Pre-natal and post-natal care under the directives of a licensed physician.

Employees are required to provide as much notice as practicable of a foreseeable need to use sick leave according to the policy established by the General Manager, and must provide notice as early as practicable for an unforeseeable need to use sick leave. An employee who is unable to report to work because of a reason stated above shall notify the immediate supervisor of the reason for his or her absence no later than thirty (30) minutes after the time he/she was expected to report to work, unless such reporting is not possible due to catastrophic circumstances. Sick leave shall not be allowed unless such a report has been made.

A written statement may be required as confirmation of the above. If the requested statement is not provided, sick leave with pay may be terminated and the employee may be placed on leave without pay. Sick leave with pay may be denied unless such a report has been made.

There is no maximum accrual of sick leave.

Upon termination the employee forfeits accrued sick leave balances.

3.7: INSURANCE:

The District maintains several types of insurance coverage for eligible employees, including health, dental, life and workers' compensation. The terms, coverage and premiums are subject to change and be changed with or without notice. Administration of the various policies is generally handled between the employee and the insurance provider. Employees should refer to insurance plan documents for additional information, terms, benefits and limitations.

Health Insurance: Certain District employees are eligible to participate in a major medical plan. Currently, employee coverage for eligible employees is paid by the District, and dependent coverage is available to be paid by the employee through payroll deduction. Premiums vary based on various factors including number, age and gender of dependents. The medical plan is reviewed periodically for coverage and cost.

Dental Insurance: Dental coverage for employees and dependents is available. Currently the District pays the premium for employees, and the cost of dependent coverage is paid by the employee through payroll deduction.

Employees whose employment is terminated have an option to continue their medical and dental insurance coverage for up to 18 months pursuant to the Consolidated Omnibus Budget Reconciliation Act (COBRA). The employee, not the District is responsible for payment of the premiums for such continuation of coverage.

Life Insurance: The District provides a term life insurance policy of \$25,000 for each employee at no cost to the employee. Employees may pay the premium for a nominal amount of coverage for dependents.

Long Term Disability Insurance: The District makes available a long term disability insurance policy to provide income in the event of a disability that does not allow the employee to return to work. The insurance provides a percentage of base income after a 90-day waiting period after disability.

Workers' Compensation: The District maintains a workers' compensation policy to provide coverage for work-related injuries. In the event of any claims under the workers' compensation policy, paid sick leave, vacation leave or any District disability plan may be used to supplement any payments that an employee is eligible to receive from worker's compensation insurance. The combination of worker's compensation payments, disability plan payments, paid sick leave and paid vacation leave cannot exceed the employee's normal weekly earnings.

3.8: POSITION CHANGES/TRANSFERS:

Employees who transfer within and between positions with the District will retain their accrued leave time benefits (i.e. vacation leave balances, sick leave balances and accrual rates).

3.9: ACCUMULATED/UNAWARDED TIME:

The amount of vacation or sick time available for an employee's use is limited to the amount of time identified on the last monthly Employee Sick Leave and Vacation Summary. **The time which has been accumulated but not awarded during the current pay period, is not accessible to the employee.** If additional time is needed, refer to "SECTION 7 – LEAVES OF ABSENCES".

3.10: USAGE OF ACCRUED TIME:

An employee who is scheduled to work a shift and is subsequently absent due to vacation or sick leave will be required to use the number of vacation or sick hours, as applicable, that he/she was scheduled. However, if the General Manager determines that the employee should be scheduled to work additional hours during that week, the employee has the following options:

1. Receive their regular hourly compensation for hours worked in addition to compensation for used vacation or sick leave. Time in pay status shall be considered time worked for purposes of overtime eligibility. Overtime, at the 1.5 rate will be paid once an employee has reached forty (40) hours in pay status during one workweek. An employee is in pay status when the employee is on duty or on a scheduled holiday or on an authorized leave other than leave of absence.
2. Substitute the additional worked hours for hours that were scheduled to be deducted from the employee's vacation or sick leave balance. If the employee chooses this option, she/he will substitute the additional worked hours on an hour for hour basis.

3.11: EMPLOYEE ASSISTANCE PROGRAM

The District may maintain a contract Employee Assistance Program to provide counseling to be used at the employee's discretion. The service is completely confidential. Accumulated leave or leave without pay may be granted for treatment, counseling or rehabilitation.

The District may maintain a contract Employee Assistance Program to provide counseling or referral for drug and alcohol abuse. Accumulated leave or leave without pay may be granted for treatment, counseling or rehabilitation. It will be the employee's responsibility to comply with District request for referral and diagnosis and to cooperate fully with any prescribed therapy.

Rehabilitation is the responsibility of the Employee. In cases of mandatory referral to the Employee Assistance Program as a part of a disciplinary disposition or in compliance with a federal rule, the District shall require the counseling agency to report to the District: (1) that the Employee is attending the mandated counseling; (2) that the Employee is arriving on time to his or her scheduled appointments and is cooperating with his or her counselor; (3) that the Employee has completed his or her counseling or therapy and is released by the counseling provider; and (4) if any medical leave is required.

SECTION 4: COMPENSATION

4.1: WORK WEEK:

The Work Week begins on Monday and ends on Sunday for all employees of the District.

4.2: PAY PERIOD:

The pay period is two (2) Work Weeks.

4.3: PAYDAY:

Payday for all employees shall be the Friday following the end of a two-week pay period.

4.4: TIME KEEPING:

This section applies to all employees who are not exempt from Federal and State laws applying to overtime.

Federal and State laws require the District to keep an accurate record of time worked (time spent performing assigned duties) in order to calculate employee pay and benefits. The General Manager or his/her designee shall establish the policy, format and timing for completion and submission of time sheets or records.

Each employee is responsible for accurately recording and reporting his/her time worked. Employees must sign their time records to certify the accuracy of all time recorded. The employee's supervisor will review and sign the time records before submitting them for payroll processing.

If an employee fails to submit a time sheet to their supervisor, his/her paycheck may be delayed.

4.5: SHIFT DIFFERENTIAL:

All overtime eligible District employees assigned to rotating weekend shifts shall be paid a shift differential while on weekend shift. The shift differential shall be at a pay rate established in the District's budgetary process.

4.6: TRAVEL TIME PAY:

Employees will be compensated for travel time and overnight travel according to the Fair Labor Standards Act (FLSA).

4.7: STANDBY/CALL BACK PAY POLICY:

Any non-exempt employee who is called back into work at a time which is not his or her normal working hours or days will be compensated a minimum of three (3) overtime hours.

If more than one call-back is received, the employee shall continue to earn overtime in addition to the first three (3) hours minimum credit. However, if the employee is required to actually work a total of three (3) consecutive hours or more during any call-back occurrence, the standard overtime pay provisions shall apply. Only one minimum three (3) hour call-back allowance shall be provided per day for any call-back and only if the actual working time required for that occurrence is less than three (3) hours total.

4. Standby duty normally shall be one week in duration, rotated among qualified employees and recorded for remuneration on a daily basis to be included with regular wages. An employee shall be removed from standby duty if deemed incapable due to illness, or other sanctioned, cleared emergency as determined by the duly authorized supervisor. If an employee requests sick leave during a part or whole day standby duty is assigned, it shall be up to the supervisor to determine whether or not the employee should be allowed to remain on standby, taking into account all circumstances pertinent to the matter.
5. A standby employee shall receive compensation. If called in, the standby compensation is paid as well as the minimum call-back pay compensation. Standby compensation will be paid as stipulated by the annual personnel budget adopted by the Board of Trustees each year.

Individual merit increases shall be determined by the General Manager, in concert with the employee's immediate supervisor, based upon the employee's documented performance. Merit increase percentages may vary from employee to employee depending upon performance levels, but no individual merit increase may exceed the maximum percentage increase established by the Board of Trustees. The General Manager may award a merit increase within the maximum salary percentage even though such increase may cause an employee's salary to be greater than the applicable salary range for such employee.
2. **Cost-Of-Living Adjustment (COLA):** A COLA may be provided to all eligible employees upon approval by the Board of Trustees. The manager of administration or such other administrative staff as delegated by the General Manager will review the Consumer Price Index as certified by the Missouri State Tax Commission to measure inflation and report that information to the Board of Trustees for consideration as part of the annual budget process.

4.11: ADJUSTMENT OF SALARY RANGES:

1. Maintaining competitive salary and benefit packages is a major component of being able to attract and retain qualified employees to manage and operate the District. Knowing how salaries and benefits of the District compare to other organizations and companies which might compete for current or potential employees is therefore important. From time to time, but not less than every third year, staff shall undertake a wage/benefit survey to determine whether salary ranges and benefits for District staff should be adjusted to account for economic changes, changes in job descriptions, etc. Such wage/benefit survey may take a variety of forms, at the direction of the Board of Trustees, including analysis done by staff or outside consultants, and review of the salary ranges for similar positions within Boone County government. The Board of Trustees may choose to adopt applicable salary ranges established by Boone County for similar positions, or salary ranges different than those of Boone County if it is in the best interest of the District to attract and retain highly qualified employees.
2. Upon the approval by the Board of Trustees of adjustments to salary ranges, any employee whose rate of pay is below the new minimum salary for their position may receive a pay increase up to the new minimum salary, effective on the date the ranges are adjusted, upon approval by the General Manager.

Any transfer of leave under this policy shall be subject to the approval of the supervisor for the employee donating the leave and the supervisor for the employee receiving the leave, and of the General Manager. Each hour of donated leave shall be deducted from the accrued leave of the donating employee and paid to the employee receiving the donation at the receiving employee's regular rate of pay.

Each donation must be a minimum of 4 hours and thereafter in one-hour increments. The request must be made on the approved forms that can be obtained from the HR Manager, manager of administration, or such other administrative staff as delegated by the General Manager.

SECTION 8: EMPLOYEE CONDUCT AND PROCEDURES

8.1: PROFESSIONALISM:

All employees should conduct themselves in a professional manner. Honesty from every employee is expected and required while conducting District business. Employees should always display professionalism and courtesy while dealing with the public.

Employees can often prevent negative encounters with customers, if they remain calm and courteous. Because District employees work for the users of the District's services, time spent on the job should be used efficiently. Wasted time is costly and could cause damage to the public's perception of the District.

State law governs public access to District records. Employees with access to information about the District's on-going projects shall refrain from discussing such information with the public. In addition, closed records and information should be kept in strict confidence until public access is authorized. Questions concerning the status of records or information should be directed to the General Manager.

8.2: PERSONAL APPEARANCE:

Each employee's appearance is a reflection of the District. In addition, dress, grooming, and personal cleanliness standards contribute to the morale of all employees. Therefore, employees are encouraged to dress in an appropriate and professional manner consistent with their position.

Supervisors may establish specific dress codes or uniforms. (See section 5.1 for uniform information). The following items are considered inappropriate attire for District employees while performing job responsibilities, whether in the District office or another facility:

- * Short shorts
- * Cut-offs
- * Clothing with large holes or frayed edges
- * Hats, T-shirts or sweatshirts with slogans or graphics that could be considered crude or offensive
- * Flip-Flop (thong style) rubber shoes
- * Visible crude or offensive tattoos

Employees should consult their supervisor or the General Manager if they have questions regarding appropriate attire.

8.3: DRUG FREE WORK PLACE:

It is the policy of the District to provide safe, dependable, and economical services to its customers, to provide safe working conditions for its employees, and to comply with the requirements of federal laws and regulations related to the Drug Free Work Place Act of 1988. It is also the policy of the District to provide healthy and satisfying working environments for its employees.

To promote this objective, employees are required to report to work in appropriate mental and physical condition to perform their jobs in a safe and satisfactory manner.

No employee may use, possess, distribute, sell or be under the influence of alcohol or illegal drugs while on District premises or while conducting business-related activities off District premises. The legal use of prescribed drugs is permitted on the job only if it does not impair an employee's ability to perform the essential functions of the job effectively and in a safe manner that does not endanger other individuals in the workplace.

Violations of this policy may lead to disciplinary action, up to and including immediate termination of employment or may require participation in a substance abuse rehabilitation or treatment program at the employee's expense. Such violations may also have legal consequences.

Employees who use District equipment that requires a Commercial Drivers License (CDL) are also subject to drug and alcohol testing regulations implemented by the Department of Transportation (Omnibus Transportation Employee Test Act of 1991).

8.4: DRIVER'S LICENSE SUSPENSION/REVOICATION:

If an employee's state issued operator's license is suspended or revoked, and such license is a requirement of the employee's position with the District, the General Manager may re-assign the employee to another position with a corresponding pay adjustment or may terminate the employee. Any employee whose license is revoke or suspended by any governing authority must immediately report the revocation or suspension to their supervisor and the General Manager.

8.5: VEHICLE ACCIDENT REPORTING PROCEDURE:

When an accident occurs involving the use of a District vehicle or an employee driving his or her own vehicle while on authorized District business, the employee must adhere to the following procedure:

1. The employee must contact law enforcement (911) when a vehicle accident occurs involving a District owned vehicle.
2. The concerned parties must complete an accident report. An employee at the scene of the accident should obtain as much information as possible from the other individuals involved in the accident and any witnesses.
3. An employee should never assume financial liability for the District or responsibility for the accident. In addition, an employee must not sign any statement or talk with a representative of an insurance company or attorney without first talking to the General Manager and then to the District's attorney.
4. The accident must be reported to the employee's immediate supervisor.
5. The steps outlined in the Workers' Compensation Procedures below should be followed in accidents where the employee sustains injuries.

8.6: WORKER'S COMPENSATION PROCEDURE:

1. **Reporting Requirements:**
 - A. **Employee Injury Report** - Any individual who is involved in an accident resulting in personal injury shall report the incident to the immediate supervisor no later than the next working day by completing an "Employee Incident Report".
 - B. **Supervisor's Investigation Report** - The employee's immediate supervisor will complete a "Supervisor's Incident Report" as soon as practical, but no later than three working days, following knowledge of an incident.
 - C. **Report of Injury** - All work-related injuries must be reported to the HR Manager as soon as possible. The supervisor, delegated administrative staff or General Manager will complete the "Report of Injury" forms as required by the District's worker's compensation carrier.
2. **Supplemental Pay:** Paid sick leave and vacation leave may be used to supplement any payments that an employee is eligible to receive from worker's compensation insurance. The combination of any such disability payments, paid sick leave and vacation leave received for a Work Week cannot exceed the employee's regular compensation for a 40-hour workweek. An employee accepting District-paid sick leave while performing work duties for another employer may be subject to disciplinary action up to and including termination.

3. **Health Care Provider:** The District and/or its insurance provider shall select the health care provider for treatment of an employee injured on the job requiring medical attention, unless such employee elects to select his or her provider instead. An employee injured on the job and requiring medical attention that opts to utilize a health care provider of his/her choice shall do so at his/her own expense. Employees are encouraged to contact the HR Manager to obtain a list of physicians who are part of the worker's compensation preferred provider network. This network provides lower costs for medical services. Employees who leave their regular duties due to an injury will be compensated at their regular rate of pay while obtaining physician care.

8.7: CONFLICT OF INTEREST:

Employees of the District have an obligation and responsibility to conduct business within guidelines that prohibit actual or potential conflicts of interest. An actual or potential conflict of interest occurs when an employee is in a position to influence a decision regarding the District's business dealings that may result in a personal gain for that employee, relative or friend. Employees of the District should not refer customers to private contractors. If a customer needs the services of a plumber, engineer, contractor, etc., the employee should simply refer the customer to local listings. A District employee may not:

1. Perform any service for the District for receipt or payment of any compensation, other than the compensation provided for the performance of his or her official duties with the District, in excess of five hundred dollars per transaction or five thousand dollars per year, except on transactions made pursuant to an award on a contract let or sale made after public notice and competitive bidding, provided that the bid or offer is the lowest received.

3. Participate in any matter, directly or indirectly, in which he or she attempts to influence any decision of the District, when he or she knows the result of such decision may be the acceptance of the performance of a service or the sale, rental, or lease of any property to the District for consideration in excess of five hundred dollars value

per transaction or five thousand dollars per year to him or her, to his or her spouse, to a dependent child in his or her custody or to any business with which he or she is associated unless the transaction is made pursuant to an award on a contract let or sale made after public notice and in the case of property other than real estate, competitive bidding, provided that the bid or offer accepted is the lowest received;

6. At any time after employment with the District, perform any service for any consideration for any person, firm or corporation in relation to any case, decision, proceeding or application with respect to which he or she was directly concerned or in which he or she personally participated during the period of his or her employment with the District.

Any employee who suspects a conflict of interest may exist should discuss the issue with the General Manager, and for the General Manager, with the Board of Trustees.

8.8: OUTSIDE EMPLOYMENT:

Employees may not engage in activities related to employment outside of the District during the employee's work time for the District; employees who engage in such outside work activities during his or her work time for the District will be subject to discipline including but not limited to termination of employment.

Subject to approval from the General Manager, employees may utilize vacation leave or leave without pay while fulfilling outside employment opportunities.

In addition, an employee shall not use District property for any purpose other than for District business, except with written approval from the General Manager.

If the General Manager determines that an employee's outside work interferes with the employee's performance or ability to meet the requirements of their position with the District, the employee may be asked to terminate the outside employment in order to remain an employee of the District.

Reporting Outside Employment: An individual desiring to pursue outside employment or business interests in fields related to the wastewater industry and/or outside employment that utilizes the employee's professional licenses and/or certifications shall present a written notification of each instance (or each project/client) to the General Manager prior to accepting the work. The written notice shall outline the venture in sufficient detail so that potential conflicts of interest and job performance conflicts can be assessed. The General Manager may approve or disapprove of the outside employment or business involvement. Such written notifications and related records will be maintained in the individual's personnel file. The individual will be responsible for keeping information on outside employment complete, accurate and current.

8.9: SOLICITATIONS AND DISTRIBUTION:

Commercial or charitable solicitation by one employee of another is prohibited while either employee is on work time unless approved by the General Manager, and then only when such solicitation does not interfere with normal work functions. Commercial or charitable solicitation of District customers is prohibited except where such solicitation is not made due to knowledge gained through employment with the District and is strictly prohibited during District work hours or while an employee is wearing clothing bearing District insignia.

8.10: DISTRICT PROPERTY:

Equipment owned by District is not to be used for non-District related reasons without prior approval from the General Manager.

No equipment or furniture may be removed from District property unless the General Manager has given permission.

Upon separation of employment, all District property in the possession of the employee shall be returned to the District.

8.11: INAPPROPRIATE CONDUCT:

The District strives to provide a work atmosphere free of harassment. Not only does harassing behavior effect turnover, absenteeism, and productivity,

it may also be illegal and may cause the District to incur liability if not corrected after notification.

Harassment on the basis of age, sex, race, religion, ethnicity or disability may constitute unlawful discrimination under Title VII of the Civil Rights Act and is prohibited.

Harassment in the workplace is inappropriate and not tolerated by the District. Harassment is any verbal or physical conduct designed to threaten, intimidate or coerce another person, including but not limited to comments that are offensive or unwelcome, distribution, display or discussion of material that ridicules, insults or shows hostility or disrespect toward an individual, regarding or because of a person's national origin, race, color, religion, age, gender, sexual orientation, pregnancy, disability or other protected status, as well as unwelcome sexual advance, requests for sexual favor, and other verbal or physical conduct of a sexual nature. Any employee of the District who has experienced or witnessed harassment shall report the incident to a supervisor who is not involved in the offending conduct or to the General Manager. The person(s) to whom the matter is reported will then do the following:

1. Notify the General Manager, unless the General Manager is the subject of the complaint.
2. Notify the appropriate supervisor unless that supervisor is the subject of the complaint. In the event that the supervisor is the subject of the complaint, then the General Manager will follow the investigation procedure outlined below.

The General Manager and/or supervisor (Investigator) will initiate an investigation to determine whether there is a reasonable basis for believing the alleged violation of this policy occurred. The General Manager and/or other Investigator may request and receive assistance from the District's legal counsel in conducting investigations whenever the General Manager and/or other Investigator determines it is necessary. If there is a reasonable basis for believing a violation of this policy has occurred, the Investigator and supervisor will consider the number and/or severity of the violation(s), prior complaints against the violating employee, and the quality of the evidence when determining disciplinary action of the offender. Punishment may include, but is not limited to termination of employment, suspension without pay, transfer of assignment, probation, written warning or verbal warning.

All documentation regarding a finding of harassing behavior shall be maintained in the offender's personnel file. Either the Investigator or the supervisor will follow-up with those involved, if necessary, to ensure that the problem has been resolved and that no retaliation is taking place. Retaliation

against an employee for filing a bona fide complaint under this policy, providing information as a witness in the investigation of a complaint under this policy, or serving as an investigator of a complaint under this policy will not be tolerated by the District. It may be necessary, at the time a complaint is received for the Investigator or General Manager to separate parties involved in a harassment investigation. As much as possible, this will be accomplished with as little hardship to either party. Making a bona fide complaint pursuant to this policy will in no way be used against the employee or have an adverse impact on the individual's employment status, but filing groundless or malicious complaints is an abuse of this policy and will be treated as a violation. An employee who makes a groundless or malicious complaint of harassment shall be dealt with in the same manner as prescribed above for harassment offenders. If the victim believes the conduct in question constitutes a violation of criminal law, the victim shall be free to contact the law enforcement agency having jurisdiction.

8.12: WORKPLACE VIOLENCE:

The District strives to provide a working environment free of violence and the threat of violence. It is the shared obligation of all employees to act individually and jointly to prevent or defuse actual or implied violent behavior at work.

Violence, or threat of violence, by or against any employee of the District or other person(s) is unacceptable and contrary to District policy, and will subject the perpetrator to serious disciplinary action, up to and including immediate termination, and possible criminal charges. The District will work with law enforcement to aid in the prosecution of anyone who commits violent acts against employees.

Possession, use, or threats of use of a deadly weapon, including all firearms, are not permitted at work, on District property or in a District vehicle.

No employee acting in good faith, who reports real or implied violent behavior will be subject to retaliation or harassment based upon his or her report.

Critical Incident Coordination: When an employee, supervisor or General Manager observes an act of violence at work the following steps should be taken:

1. In immediate emergency situations CALL 911.

As with any other emergency situation, an employee should call 911 and report as many details as possible so that the appropriate emergency response units can be dispatched.

2. Immediately contact the supervisor or General Manager.

The General Manager (or designee) is the Workplace Critical Incident Coordinator and may be contacted at any time and will ensure necessary resources are coordinated.

Other steps following a critical incident at work will flow from this initial contact including disciplinary action for employees displaying violence.

3. Disciplinary Action/Immediate Suspension With Pay:

If the situation is serious enough that possible termination may be involved or the continued presence of an employee at the work site

would not be appropriate given the altercation, or particular circumstances, an employee may be immediately suspended with pay. In addition, the employee may be ordered not to return to the work site until further advised. This action may be taken with the General Manager's agreement, following consultation with the supervisor.

Workplace altercations, including minor ones involving only verbal exchanges, justify appropriate disciplinary action up to and including termination.
