RE: Boone County ARPA Funds – Boone County Regional Sewer District

Dear Daniel:

This letter is to express the Boone County Commission's intent to award ARPA funds in the amount of **\$220,000 to the Boone County Regional Sewer District** for the proposed pump station upgrades in Rocheport, Missouri. The updated wastewater pump stations in Rocheport are critical infrastructure improvements for the region.

The Boone County Commission received more than 100 quality ARPA applications requesting approximately \$54 million in funding. Selecting recipients from such a large pool of impressive and varied program proposals has been very challenging. Unfortunately, there is simply not enough funding to support all the deserving applications. We task the awardees with carrying out the mission of improving lives and creating transformative change.

The ultimate ARPA award will be effectuated via a contract which will be provided to you by Boone County. Congratulations on all your success to this point. We look forward to working with you in the coming months.

Sincerely,

A handwritten signature in black ink, appearing to read "Kip Kendrick".

Kip Kendrick
Presiding Commissioner
