The current plan for Bond Election is to:

1. Complete the CIP with McClure – expect this to be drafted in mid to late summer, finalized during the fall
2. Review the CIP and Bond Election timeline during Special Meetings of the Board over the fall
  - a. This will be to develop the plan for an ‘all at once’ or ‘multiple iterations’ for Bond Elections
3. I believe we are tentatively anticipating holding Bond Election in the spring of 2026
4. More to develop and a definitive plan will be developed by the end of the year 2024

Thanks,

Joe Foster
