Mr. and Mrs. McHenry,

The District's response to your request for financial assistance was based on the determination by the insurance carrier that the District does not have liability under Missouri law for the sewer back-up that occurred. Unfortunately, overflows can happen as a result of weather events, third party actions, and other occurrences outside of the District's control. I have no further information to provide at this time.

The check can be made payable to:

Boone County Regional Sewer District

Thanks,

Joe Foster
