RE: Generator terminal cables

We are pleased to provide this Estimate for the labor and material to complete the electrical installation as listed below.

Includes

- Provide and install 5' 2/0 flexible cords on the generator with camlocks
- Provide and install 30' 2/0 flexible cords to go from generator to generator terminal box with appropriate cam lock connectors

Remarks

- Cam locks and flexible cords currently in stock and could have in about a week.

Please do not hesitate to let me know if you have any questions or concerns.
Respectfully,

Paul Jeffries, President
