SECTION 1: INTRODUCTORY PROVISIONS

1.1. AUTHORITY

The Board of Trustees (the “Board”) of the Boone County Regional Sewer District (the “District”) establishes these policies and procedures (the “Personnel Policy”). Administration of various provisions of the Personnel Policy are delegated herein; compliance with the Personnel Policy is delegated by the Board to the Manager of Human Resources of the District (the “HR Manager”) or to the Executive Director in the absence of an HR Manager.

1.2. PURPOSE

The purpose of the Personnel Policy is to provide for an equitable and standardized system of personnel administration which complies with applicable rules, regulations, laws, and agreements or contracts relating to personnel matters to which the District may be subject.

1.3. SCOPE

The Personnel Policy shall apply to all employees of the District, provided however, that the Board may amend the application of any or all of the conditions referenced herein to any employee of the District hired pursuant to a contract.

1.4. VIOLATION OF POLICIES

A violation of or failure to adhere to the Personnel Policy or abuse or misuse of the benefits described herein by an employee of the District may result in disciplinary action, up to and including termination, for such employee.

1.5. AMENDMENTS

The provisions of policies and procedures contained in the Personnel Policy are subject to change at any time, with or without notice, by action of the Board.

Amendments to the provisions contained in this Personnel Policy may also be made by the Executive Director without action of the Board when such amendments are made to comply with applicable law.

SECTION 2: EMPLOYMENT

2.1. AT-WILL EMPLOYMENT

Employment with the District is classified as non-contractual, or “at-will” employment. When the employment is "at-will", either the District or the employee may terminate such employment at any time and for any or no reason, subject only to limited restrictions imposed by state and federal law. At-will employment extends for an indefinite period of time until either the District or the employee terminates the employment. The Board may enter into a contract for employment between an employee and the Board, which contract may specify the terms of employment with the District.

The Personnel Policy is not intended to create a contract, nor is it to be construed to constitute contractual obligations of any kind, or a contract of employment between the District and any of its employees. The terms and conditions of employment for employees who have a contract with the District that is signed or approved by the Board are subject to the policies set forth herein, unless expressly amended by the terms of such contract.

2.2. APPLICATION FOR EMPLOYMENT

All applicants are required to fill out an application for employment. Applications may require details concerning education, experience, reference, and other pertinent information; applications become a part of the employee personnel file. All applications shall be signed by the applicant attesting to the accuracy and truthfulness of the information provided. Applicants are encouraged to include resumes when appropriate for the position but may not substitute a resume for the application.

Any misrepresentation, falsification or material omission in any of this information may result in the exclusion of the individual from further consideration for employment or, if the person has been hired, termination of employment.

2.3. EMPLOYMENT REFERENCE

To ensure that District employees are well qualified and have a strong potential to be successful, the District will check applicants’ references and perform background checks when appropriate. The HR Manager or Executive Director retain the right to request verification of education, experience, and other information provided by the applicant.

2.4. FULL TIME/PART TIME POSITIONS

1. **Full Time Position:** Standard labor practice is to consider a full-time position as working 2080 hours annually. A full-time employee of the District is budgeted for 2080 work hours per year annually in each budget year, generally assumed to be 40 hours per each week of the year.
2. **Part Time Position:** A part time employee includes any employee which is budgeted for less than 2080 work hours per year annually in each budget year.

2.5. BENEFITED AND NON-BENEFITED POSITIONS

All full-time positions at the District are considered to be Benefited Positions.

A part-time position may be eligible for benefits if the position is budgeted for a minimum of 1,250 work hours per year, upon approval by the Board. Accrual rates for sick pay, vacation pay, and holiday pay will be pro-rated based upon the ratio of part-time budgeted hours for the position compared to a full-time position.

2.6. TEMPORARY POSITIONS

Temporary employees may be hired as interim replacements, to temporarily supplement the work force or to assist in completion of a specific project. Employment beyond any initially stated period does not in any way imply a change in temporary employment status. Temporary employees retain that status unless and until notified of a change by the HR Manager. Temporary employees receive legally mandated benefits, such as workers' compensation insurance and Social Security, but they are ineligible for other benefits provided for employees in Benefited Positions.

If a temporary employee is transferred to a Benefited Position without a break in service, the employee will receive a balance of vacation and sick leave calculated from the first day of temporary employment. The employee will be credited with the length of service from the initial date of hiring by the District for the purpose of determining the monthly vacation accrual rate.

2.7. POSITION DESCRIPTIONS

The District has developed descriptions for the various administrative, operational and management positions within the District. Position descriptions include description of work and essential functions for the position, as well as necessary qualifications, experience and education requirements, needed skills and abilities, any required licensing or certifications, and necessary physical requirements.

Position descriptions may be amended or deleted, and new position descriptions approved, by the Board from time to time with or without notice.

2.8. **PAY CLASSIFICATIONS**

Each job description defines a level of knowledge, experience, training, and other factors required for that position. The District has established a set of pay ranges which are amended from time to time by the Board based on comparative wage information and other factors. Positions with similar requirements and responsibilities are classified and grouped into similar pay ranges, each with a minimum and maximum rate of pay for each classification.

Pay classifications do not guarantee employment for any specified period of time nor do they affect the at-will nature of an employee's employment with the District.

2.9. **SIX-MONTH PROBATIONARY PERIOD**

District employees are subject to a probationary period of six (6) months beginning on the employee's first day of employment with the District. This probationary period is an integral part of the employment process. During the probationary period, the employee's work will be observed and evaluated to ensure the employee is able to perform the duties and responsibilities as assigned. An employee whose performance does not meet the required standards and expectations may be considered for replacement at any time during or at the end of an unsatisfactory probationary period. At the option of the employee's supervisor, with consultation with the HR Manager, the probationary period may be extended by consultation with and written notice to the employee for not longer than an additional six (6) months (a total probationary period of twelve (12) months). This provision shall not be construed to alter the at-will nature of any employee's employment with the District.

New District employees ~~do~~shall not accrue vacation hours during the probationary period. ~~However, upon~~ Upon successful completion of the probationary period, vacation hours ~~are~~will be calculated from the initial date of hire: and become available for use by the employee. Employees may use accumulated sick leave hours or holidays during the probationary period according to the Sick Leave Policy described herein. New Employees ~~serving a~~ may appeal to the HR Manager for use of vacation hours during the probationary period ~~are ineligible to receive merit increases, provided the employee demonstrate a necessary hardship for needing the time off. The HR Manager shall confer and gain approval from the Executive Director for the request. At no point shall a negative balance of vacation and sick leave be allowed. Time off shall be unpaid, with Supervisor approval, for any employee with a zero balance of vacation and sick leave.~~

2.10. **SIX-MONTH QUALIFYING PERIOD**

District employees are subject to a qualifying period of six (6) months following a transfer from one position with the District to another position with the District. This

qualifying period is an integral part of the process of transferring employees to different positions within the District. During the qualifying period, the employee's work will be observed and evaluated to ensure the employee is able to perform duties and responsibilities as assigned. An employee whose performance does not meet the required standards and expectations may be considered for replacement at any time during or at the end of an unsatisfactory qualifying period. At the option of the employee's supervisor, with consultation with the HR Manager, the qualifying period may be extended by consultation with and written notice to the employee for an additional six (6) months (a total qualifying period of twelve (12) months). An employee whose performance does not meet the required standards and expectations may be transferred back to the employee's previous position or another open position with the District at the sole discretion of the Executive Director, but nothing in this provision shall be construed to create a right for the employee to return to a previous position, or any other position, with the District. Nothing in this provision shall be construed to alter the at-will nature of any employee's employment with the District.

During a qualifying period, employees may use accumulated vacation hours and sick leave subject to receiving the approval of his/her immediate supervisor.

2.11. ACTING APPOINTMENTS

From time to time, a vacancy may occur for a position which cannot be left vacant for any but the shortest time, meaning the normal process for advertising for and evaluating candidates cannot be met. When such a situation occurs, or for some other reason it is not feasible to make a permanent appointment, the Board of Trustees may appoint an employee in an acting and temporary capacity. The duration of such an appointment shall be at the discretion of the Executive Director but shall not exceed six (6) months without approval of the Board.

2.12. PERFORMANCE EVALUATIONS

Upon completion of the probationary period or qualifying period, the employee's supervisor shall furnish the employee with a written evaluation of job performance that shall then be included in the employee's personnel file. This evaluation may be used to determine that the employee has satisfactorily completed the probationary period or qualifying period.

Supervisors and employees are strongly encouraged to discuss job performance, goals and needed training on an informal, day-to-day basis. These discussions help to identify deficiencies in training or need for remedial or disciplinary action as soon as possible.

An employee's supervisor shall conduct an annual performance evaluation. Such evaluation provides the supervisor and the employee an opportunity to discuss job tasks, identify and correct weaknesses, encourage and recognize strengths, and develop

positive, purposeful approaches for meeting and exceeding goals. Performance evaluations become a part of the employee's permanent personnel file. Performance evaluations may be used in awarding promotions or pay increases.

The HR Manager is required to certify that a current performance evaluation exists for an employee prior to such employee receiving a merit increase.

2.13. **EMPLOYEE RECORDS**

The HR Manager will maintain a complete permanent personnel file ("Permanent Record") for each employee. This Permanent Record may include: job application, resume, pre-employment reference, job classification and salary changes, bi-weekly time records reflecting time worked and overtime, special leaves of absence, vacation, sick and medical leave, evaluations, meritorious achievements or disciplinary actions, all reports related to employee appeals or disputes, letters of resignation, and all other correspondence generated by the employee, the immediate supervisor, the HR Manager and/or the Executive Director, related to the employee's job performance or duties.

The Executive Director shall designate ~~administrative~~the HR Manager or the HR Manager's approved HR staff, as necessary, to maintain a personnel file for administrative and payroll purposes for each employee which may contain: the original application for employment; personnel action forms; information regarding job classification and rate of pay; benefit status; and any record required for benefit delivery or reporting reasons (i.e. FICA, Federal and State taxes, etc.).

The information contained in personnel files regarding the employee's name, positions, salaries and lengths of service is open and available to the public for inspection and copying. "All other information contained in the employee's personnel files may be made available to persons other than those noted above only upon written approval signed by the employee and the HR Manager".

Personnel records for an individual employee maintained by ~~administrative staff~~the HR Manager or the HR Manager's approved HR staff and shall be open and accessible to the employee during their employment upon written request and approval of the HR Manager. However, the employee may not have access to pre-employment information. An individual employee's personnel records shall not be available to the employee after the employee ceases employment with the District unless requested in writing by the employee and the HR Manager approves the request, except to the extent that the requested information is open and available to the general public.

Subject to any provisions of the law requiring access to employee records, personnel records maintained by the HR Manager or delegated administrative staff are considered the property of the District, as employer, and not the property of the employees.

2.14. **EMPLOYMENT SEPARATION**

Some of the most common circumstances of separation of employment with the District are:

1. **Resignation:** Voluntary employment termination initiated by an employee.
2. **Dismissal:** Involuntary termination of employment initiated by the District.
3. **Retirement:** Voluntary employment termination initiated by an employee who meets age, length of service, and any other criteria for retirement from the District.
4. **Layoff:** Involuntary employment termination by the District for reasons unrelated to the employee's job performance.

An employee resigning from District employment shall present a written resignation to the Executive Director or HR Manager. Employees are encouraged to provide as much notice as possible, and should at a minimum provide the following notice:

1. Hourly Paid Employee - 2 Weeks
2. Supervisory/Management Employee – 4 weeks

Nothing in this section shall be construed to alter the at-will nature of any employee's employment with the District.

Based on the type of employment separation, some benefits may be continued at the employee's expense if the employee so chooses. The employee will be notified in writing of the benefits that may be continued and of the terms, conditions, and limitations of such continuance. (For further explanation, refer to section 3.10, Insurance).

Upon separation of employment, any accrued, vested benefits that are due and payable at termination required by law will be paid. (For further explanation, refer to Section 4.12, Termination of Employment.)

Employees are encouraged upon separation to continue to provide the District with current contact information, in order to be apprised of changes to benefit plans which may affect them.

2.15. **EQUAL OPPORTUNITY EMPLOYER**

The District provides equal employment opportunities to all employees and applicants for employment and complies with all federal, state, and local fair employment

practices laws. The District strictly prohibits and does not tolerate harassment or discrimination against employees, applicants for employment or any other covered persons because of age, race, religion, creed, skin color, sex (including gender, pregnancy, sexual orientation, and gender identity or expression), national origin or ancestry, veteran status, disability, or any other protected class. The District reasonably accommodates the religious observances, beliefs and practices of all employees. This policy applies to all terms and conditions of employment, including hiring, placement, promotion, termination, layoff, transfer, leaves of absence, compensation and benefits.

2.16. AMERICANS WITH DISABILITIES ACT/HUMAN RIGHTS LAW

The District does not discriminate against persons with disabilities and complies with the Americans with Disabilities Act and all applicable related state and local laws. Job applicants are not asked about disabilities in the employment selection process except as it would relate to performance of the essential functions of the position. The District will reasonably accommodate qualified individuals with a disability if such accommodation would allow the individual to perform the essential functions of the job, unless doing so imposes an undue hardship on the District.

SECTION 3: EMPLOYMENT BENEFITS

The Board is responsible for determining benefits offered to District employees. Benefits may be altered, amended, and have additions and or deletions with or without notice and may be based upon factors that sometimes cannot be predicted.

3.1. RETIREMENT CONTRIBUTIONS

The District offers a tax advantaged 457(b) retirement plan (the “Plan”). All full-time permanent employees who are at least 18 years of age and have worked at least one (1) year for the District are eligible to participate in the Plan. Each payroll a percentage of the employee’s base pay is contributed to the Plan by the District. The percentage of District contribution, any requirement for a matching contribution by the employee, any vesting schedule and other terms and conditions of Plan contributions are reviewed and approved by the Board from time to time. Employees may also contribute a portion of their salary to the Plan. For both District and employee contributions, the employee chooses how the funds are invested from a menu of available investments provided by the Plan administrator. More information is provided by the Plan administrator. In the event of any conflict between the Personnel Policy and the Plan documents, the Plan documents prevail. Employees should contact the HR Manager to obtain the Plan documents or contact information for the Plan administrator.

3.2. **RETIREMENT CONTRIBUTIONS FOR FORMER EMPLOYEES**

Previous employees who were eligible to participate in the Plan at the time of their separation due to layoff and are subsequently re-hired by the District within one (1) year for another benefit-eligible position will be eligible to again participate in the Plan at the end of their probationary period. Previous employees who were NOT eligible to participate in the Plan at the time of their separation and are re-hired by the District within one (1) year will receive credit for the time previously worked toward the one-year eligibility requirement for participation in the Plan. If the period of time of previous employment plus the six-month probationary period exceeds one year, eligibility to participate in the Plan will commence at the end of the probationary period.

3.3. **HOLIDAYS**

The District generally follows the holiday schedule designated by the Boone County Commission (the “Commission”) for each calendar year. These are generally those holidays recognized by the State of Missouri; New Years’ Day; Martin Luther King, Jr. Day; Lincoln’s Day; Washington’s Birthday/President’s Day; Truman’s Day; Memorial Day; Juneteenth; Independence Day; Labor Day; Indigenous People’s Day; Veteran’s Day; Thanksgiving Day; and Christmas Day. A list of observed holidays is generally available at the beginning of each calendar year. Time off for holidays shall not be compensated except as outlined in the Holiday Pay section below.

Beginning 10-1-2025, employees shall accrue a floating holiday once per quarter, which shall accrue on the first paycheck of the quarter, for a total of 4 floating holidays per year. The employee is required to schedule the time off for the floating holiday with their supervisor. All floating holidays must be used within the calendar year in which it was accrued. No balance of unused floating holidays shall carry forward to the next calendar year. These floating holidays shall replace observation of Lincoln’s Day, President’s Day, Truman’s Day, and Indigenous People’s Day on the calendar days on which they occur.

3.4. **HOLIDAY PAY**

Benefited employees receive holiday pay for designated holidays. In order to receive holiday pay, an employee must be on the payroll and in pay status the workday immediately before and the workday immediately following the holiday. An employee is in pay status when the employee is on duty or on an authorized leave other than leave of absence. **Employees who terminate their employment, for any reason, shall not be eligible for holiday pay unless he/she attends work on the day before and the day after a holiday.**

Holiday pay for full time employees is eight (8) hours of regular pay. Holiday pay for part time employees is computed as follows:

$$\frac{\text{Number of budgeted hours for position per year}}{2080 \text{ hours}} \times 8 \text{ hours} \times \text{hourly rate}$$

If a benefited employee works on a holiday, he/she will receive both holiday pay as outlined above and compensation for actual hours worked.

If a holiday occurs while an employee is on vacation or sick leave, the number of hours of holiday pay will not be charged against the employee's accumulated vacation leave or sick leave balance.

3.5. VACATION LEAVE

Benefited full time employees accrue vacation leave according to length of employment, as follows:

Completed Years	Monthly Accrual	Yearly Accrual
6 months - 1 year ^{1*}	6.67 hr/mo	5 days
1 year	6.67 hr/mo	10 days
2 year	7.33 hr/mo	11 days
3 year	8.00 hr/mo	12 days
4 year	8.67 hr/mo	13 days
5 year	9.33 hr/mo	14 days
6-10 year	10.00 hr/mo	15 days
10 + years	13.33 hr/mo	20 days

Temporary Employees: Temporary employees are non-benefited and therefore do not accrue vacation leave. However, if a temporary employee moves to a benefited position without interruption of service, the employee will be credited with vacation leave from the date of initial employment.

Benefited employees with less than 80 compensatory hours for any bi-weekly pay period receive a pro-rated vacation accrual.

Vacation leave should be scheduled and approved by the employee's immediate supervisor in advance according to the policy established by the Executive Director.

Maximum Leave Accrual: The maximum vacation leave accrual any employee may have shall not exceed twice his or her annual vacation accrual rate. Any vacation leave accrual above 2X the annual accrual rate will be forfeited. **No employee may have a negative vacation leave balance.**

Payment at Termination: Upon termination, an employee will be paid for accrued vacation leave, subject to maximum accrual outlined above. Any accrued leave in excess of that calculation shall be forfeited.

Vacation Leave for Former Employees: Benefited employees whose position with the District was terminated due to layoff and are re-hired within one (1) year in a benefited position may accrue vacation leave based on their original hire date at the discretion of the Executive Director.

¹Employees are not entitled to use of vacation hours during the employee's probationary period. Upon successful completion of the probationary period, vacation hours available to the employee are calculated from the date of initial employment.

3.6. SICK LEAVE

Benefited full time employees accrue sick leave at the rate of one (1) day per month. Benefited employees with less than 80 compensatory hours for a bi-weekly pay period receive a pro-rated sick leave accrual for that bi-weekly pay period. See Section 7.1 for information related to Family Medical Leave Act (“FMLA”) leave, which may also apply in circumstances described in this section.

The District has utmost concern for the health and welfare of all of its employees, and the use of sick leave shall be granted for proper cause. It is not an inherent right of the employee to be absent from work, as it may cause disruptions in the workplace and to other employees; therefore, identifiable misuse of sick leave shall be just cause for disciplinary action up to and including termination.

Employees may use their sick leave under the following conditions or situations:

1. The employee is unable to perform his or her duties due to illness or injury;
2. Medical or dental care of the employee or dependent (immediate family);
3. The employee has been exposed to a contagious disease(s) and may endanger others through contact;
4. Illness of employee’s spouse, child, mother, father, brother, sister, legal wards, mother-in-law, and father-in-law requiring the employee to attend or care for such individual under the directives of a licensed physician;
5. Pre-natal and post-natal care under the directives of a licensed physician.

Employees are required to provide as much notice as practicable of a foreseeable need to use sick leave and must provide notice as early as practicable for an unforeseeable need to use sick leave. An employee who is unable to report to work because of a reason stated above shall notify his/her immediate supervisor of the reason for his or her absence no later than thirty (30) minutes after the time he/she was expected to report to work, unless such reporting is not possible due to catastrophic circumstances. Sick leave shall not be allowed unless such a report has been made.

A written statement may be required as confirmation of the above. If the requested statement is not provided, sick leave with pay may be terminated and the employee may be placed on leave without pay. Sick leave with pay may be denied unless such a report has been made.

There is no maximum accrual of sick leave.

Upon termination the employee forfeits any accrued sick leave balances.

3.7. **POSITION CHANGES/TRANSFERS**

Employees who transfer within and between positions with the District will retain their accrued leave time benefits (i.e. vacation leave balances, sick leave balances and accrual rates).

3.8. **ACCUMULATED/UNAWARDED TIME**

The amount of vacation or sick time available for an employee's use is limited to the amount of time identified on the last monthly Employee Sick Leave and Vacation Summary. **Time in a current pay period, which has been accumulated but not awarded, is not available to the employee.** (For further clarification, refer to Section 7, Leaves of Absence).

3.9. **USAGE OF ACCRUED TIME**

An employee who is scheduled to work a shift and is subsequently absent due to vacation or sick leave will be required to use the number of vacation or sick hours, as applicable, that he/she was scheduled. However, if the department manager determines that the employee should be scheduled to work additional hours during that week, the employee has the following options:

1. Receive their regular hourly compensation for hours worked in addition to compensation for used vacation or sick leave. Time in pay status shall be considered time worked for purposes of overtime eligibility. Overtime at the rate of 1.5x the normal hourly rate will be paid once an employee has reached forty (40) hours in pay status during one Work Week. An employee is in pay status when the employee is on duty or on a scheduled holiday or on an authorized leave other than leave of absence.
2. OR: Substitute the additional worked hours for hours that were scheduled to be deducted from the employee's vacation or sick leave balance. If the employee chooses this option, she/he will substitute the additional worked hours on an hour for hour basis.

3.10. **INSURANCE**

The District maintains several types of insurance coverage for eligible employees, including health, dental, vision, life and workers' compensation. The terms, coverage and premiums are subject to change and may be changed with or without notice. Administration of the various policies is generally handled between the employee and the insurance provider. Employees should refer to insurance plan documents for additional information, terms, benefits and limitations.

1. **Health Insurance:** Certain District employees are eligible to participate in a major medical plan. Currently, employee coverage for eligible employees is paid by the District, and dependent coverage is available to be paid by the employee through payroll deduction. Premiums vary based on various factors including number, age and gender of dependents. The medical plan is reviewed periodically for coverage and cost.
2. **Dental & Vision Insurance:** Dental and vision coverage for employees and dependents is available. Currently the District pays the premium for employees, and the cost of dependent coverage is paid by the employee through payroll deduction.

Employees whose employment is terminated have an option to continue their medical and dental insurance coverage for up to 18 months pursuant to the Consolidated Omnibus Budget Reconciliation Act ("COBRA"). The employee, not the District, is responsible for payment of the premiums for such continuation of coverage.

3. **Life Insurance:** The District provides a term life insurance policy of \$25,000 for each employee at no cost to the employee. Employees may pay a premium for the coverage of dependents.
4. **Long Term Disability Insurance:** The District makes available a long-term disability insurance policy to provide income in the event of a disability that does not allow the employee to return to work. The insurance provides a percentage of base income after a 90-day waiting period after disability.
5. **Workers' Compensation:** The District maintains a workers' compensation policy to provide coverage for work-related injuries. In the event of any claims under the workers' compensation policy, paid sick leave, vacation leave or any District-provided disability plan may be used to supplement any payments that an employee is eligible to receive from worker's compensation insurance. The combination of worker's compensation payments, disability plan payments, paid sick leave and paid vacation leave cannot exceed the employee's normal weekly earnings.

3.11. **EMPLOYEE ASSISTANCE PROGRAM**

leave, notice should be provided to the HR Manager and immediate supervisor at least thirty days prior to the leave when possible. Military leave beyond fifteen (15) days per year will be unpaid, but employees may use any or all of their accrued but unused vacation leave during their military service leave. An employee may be eligible for reemployment after their military service leave consistent with the Uniformed Services Employment and Reemployment Rights Act (“USERRA”) and the FMLA. It is the District’s policy to comply with all requirements of USERRA and the provisions of the FMLA applicable to military leave, and does not discriminate based on an employee or other person’s status as a member or veteran of the military, or due to an employee’s need to utilize military leave as provided in this section. In the event of a conflict between this policy and USERRA and/or the FMLA, USERRA and/or the FMLA shall apply.

7.5. JURY DUTY LEAVE

Employees are encouraged to fulfill their civic responsibilities by serving jury duty when required.

Employees must give his or her immediate supervisor and the HR Manager advance notice of the need for time off for jury duty, and a copy of the summons must accompany the request. Employees must provide notice to his or her immediate supervisor and the HR Manager as soon as possible after receiving a summons to serve jury duty. Employees must return to work immediately upon completion of jury duty or otherwise being excused from jury service. Employees taking time off for jury duty shall be paid their regular wage for the duration of time the employee actually serves jury duty.

7.6. LEGAL PROCEEDINGS LEAVE

The District acknowledges that, on occasion, employees may have an obligation to participate in criminal or civil legal proceedings either as a witness or because the employee or a close family member was victimized by a criminal act. An employee that is required to attend a criminal or civil court proceeding or preparation for such proceeding as a victim or witness, or an employee who is a victim or immediate family member of a victim of a criminal act, and needs to attend a criminal proceeding may take unpaid leave or choose to use his or her accrued vacation leave. The employee must inform his or her immediate supervisor and the HR Manager of their need for leave to attend legal proceedings as soon as possible, and the District reserves the right to require proof of the employee’s need to attend the criminal or civil court proceeding to the extent authorized by law. Employees must return to work immediately upon completion of participation in or attendance of the legal proceeding. Leave provided under this section does not extend to an employee who has committed or is alleged to have committed a criminal act that is the subject of a criminal proceeding.

7.7. VICTIMS OF DOMESTIC OR SEXUAL VIOLENCE LEAVE

In accordance with the Missouri Victims' Economic Security and Safety Act ("VESSA"), District employees are eligible for one week of unpaid leave to attend to certain legal and personal matters in the event the employee or the employee's family or household member has been a victim of domestic or sexual violence. An employee may choose to use his or her accrued vacation or sick leave, as applicable, in lieu of unpaid leave. If an employee, an employee's family or household member has been a victim of domestic or sexual violence, the employee may take VESSA leave to seek medical attention for, or recover from, injuries, obtain victim services, obtain counseling, participate in safety planning, and/or seek legal assistance. The employee must provide forty-eight hours' notice of the need for VESSA leave to the HR Manager unless doing so is not practical. The District reserves the right to require employees to provide proof of the need to take VESSA leave to the extent authorized by law. VESSA leave does not extend to an employee who has committed or is alleged to have committed the act of domestic or sexual violence.

7.8. VOTING

The District encourages employees to exercise their civic responsibility to vote. If an employee is properly registered and would be unable to vote during normal poll hours because of work schedule, the employee will be granted leave with pay consistent with state election law to vote on any election day.

7.9. LEAVE OF ABSENCE WITHOUT PAY

The Executive Director may approve an employee request for a leave of absence without pay, for justifiable personal reasons, not to exceed 30 consecutive workdays. An employee will be required to use all eligible accumulated applicable leave time except when requested leave without pay is for three (3) workdays or less. The Executive Director may grant three workdays or less leave without pay without requiring the employee to exhaust applicable accumulated leave.

Leave without pay beyond three workdays shall not be granted until all eligible accrued annual and sick leave have been exhausted. Leave without pay under this section will not be granted for FMLA-qualifying reasons until all FMLA leave has been exhausted. No type of leave shall be earned during periods of leave without pay which last for one Work Week or more. If a holiday occurs during a leave of absence without pay, the employee will not receive holiday pay unless the employee works the day before and the day after the holiday. The Executive Director or HR Manager shall report any approved leave of absence without pay to the Board. A leave of absence without pay in excess of 30 work days shall require the approval of the Board.

7.10. EXTENDED LEAVE OF ABSENCE WITHOUT PAY

Employees who require more than 30 days off must first use all eligible accumulated vacation leave and sick leave prior to taking leave without pay. Leave without pay under this section will not be granted for FMLA-qualifying reasons until all FMLA leave has been exhausted. All requests for leave of more than 30 days, other than leave under the FMLA, are subject to approval by the Board. No leave accruals will occur during an extended leave of absence.

If the Board approves such leave of absence, other than leave under the FMLA, upon approval by the Board the District may pay the employee's insurance premiums for a maximum of 90 calendar days. District payment of employee's insurance premiums may be extended beyond 90 calendar days upon approval by the Board.

If a leave of absence is granted for more than 90 days, and the Board has not approved an extension of payment of the employee's insurance premiums beyond 90 days, the cost of insurance will be borne by the employee. The employee will pay those premiums to the District on a monthly basis. The District shall continue coverage of the dependents of an employee only if the employee submits payment on a monthly basis.

7.11. ABSENCE WITHOUT LEAVE

Any employee who is absent from their position shall report his or her reasons to the immediate supervisor as soon as possible. Deductions from compensation, suspension or termination at the discretion of the supervisor shall result after one day of unreported and unauthorized leave. Absence from work for a period of three days or more without an employee reporting to their supervisor shall be considered job abandonment, and the District will deem the absent employee to have resigned their employment with the District without notice.

7.12. CARE LEAVE

An employee may donate accrued vacation leave to another employee, provided that the employee receiving the donation is unable to work because of an FMLA qualifying condition and has exhausted all eligible accrued leave. Any transfer of leave under this policy shall be subject to the approval of the supervisor for the employee donating the leave and the supervisor for the employee receiving the leave, and of the Executive Director. Each hour of donated leave shall be deducted from the accrued leave of the donating employee and credited to the employee receiving the donation.

Each donation must be a minimum of 4 hours and thereafter in one-hour increments. The request must be made on the approved forms that can be obtained from the HR Manager, manager of administration, or such other administrative staff as delegated by the Executive Director.

SECTION 8: EMPLOYEE CONDUCT

8.1. PROFESSIONALISM

Employees should always conduct themselves in a professional manner while conducting District business, avoiding any behavior which might cause damage to the public's perception of the District. Employees can often prevent or mitigate negative encounters with customers and others by remaining calm and courteous.

District employees work for the District's customers. Employees should therefore endeavor to work efficiently to minimize costly wasted time.

Employees with access to information about the District's on-going projects shall refrain from discussing such information with the public. State law governs public access to District records. In addition, closed records and information should be kept in strict confidence until public access is authorized. Questions concerning the status of records or information should be directed to the Executive Director. All public comment is to take place through the Executive Director only, and staff should refer requests from the press or Boone County Commission to the Executive Director.

8.2. PERSONAL APPEARANCE

Each employee's appearance is a reflection of the District, and appropriate dress, grooming, and personal cleanliness standards contribute to the morale of all employees. Therefore, employees are encouraged to dress in an appropriate and professional manner consistent with their position.

In addition, specific items of clothing may be necessitated for safety or other reasons. (See sections 5.1 and 5.2 herein). Certain items are considered inappropriate attire for District employees while performing job responsibilities, whether in the District office or another facility or while participating in seminars, conferences or training sessions authorized by or while representing the District, as follows:

1. Short shorts
2. Cut-offs
3. Clothing with large holes or frayed edges
4. Hats, T-shirts or sweatshirts with slogans or graphics that could be considered crude or offensive
5. Flip-Flop (thong style) rubber shoes
6. Visible crude or offensive tattoos

Employees should consult their supervisor or the HR Manager if they have questions regarding appropriate attire.

8.3. **DRUG FREE WORK PLACE**

It is the policy of the Board to provide safe, dependable, and economical services to its customers, to provide safe working conditions for its employees, and to comply with the requirements of federal laws and regulations related to the Drug Free Work Place Act of 1988. To promote this objective, employees are required to report to work in appropriate mental and physical condition to perform their jobs in a safe and satisfactory manner free from the influence of drugs or alcohol.

~~No employee may~~ Except as specifically set forth in the “Exceptions” section below, this policy applies to all District employees. It is the policy of the District that, as a condition of employment or continued employment, its employees shall not use, sell, possess, distribute, sell or bear have in their system alcohol or illegal drugs, including substances legally obtained and used in a manner other than that prescribed, in the workplace. The following are prohibited behavior for employees:

- Reporting for work or remaining at work with any detectable level of alcohol or controlled substance, intoxicant or illegal drug (under federal, state, or local law) in their system.
- Reporting for work or remaining at work while impaired or under the influence of alcohol or illegal drugs while a controlled substance, intoxicant or illegal drug (under federal, state, or local law).
- Engaging in the unauthorized use of any alcohol or illegal drug on District premises property or while conducting business-related activities off on District premises time, including rest and meal periods.
- Using medically authorized (prescription) or over the counter drugs in a manner inconsistent with the directions for the medication.

For the avoidance of doubt, for purposes of this policy, marijuana is both an intoxicant and a federally illegal drug. Other than as specifically described in the “Exceptions” section below, employees may not report to or remain at work with a detectable level of marijuana in their system. Employees may not report to or remain at work while under the influence of marijuana under any circumstance.

When your doctor prescribes prescription drugs, you must ask whether the drugs will impair your ability to safely perform your job. If so, get the doctor’s statement in writing. The legal doctor should be familiar with your work duties before signing the statement. The statement need not identify the drug but may simply say that you are unable to perform safety sensitive functions due to your prescription medication. Give the doctor’s written statement to the HR Department. The District may ask the physician to complete a fitness for duty form indicating when we can expect you back at

work. Where possible, we may temporarily assign other work consistent with your medical condition. Abuse of medically authorized or over the counter drugs is a violation of this policy. Using another person's prescription medication is also considered abuse.

In order to implement this policy, the District has adopted a program of drug and alcohol testing, as set forth herein. Positive test results, or refusal to cooperate fully in or otherwise to submit to drug and alcohol testing under the District program or tampering in any fashion with samples or test results, procedures or documentation, will result in refusal to hire applicants for employment or discipline, up to and including discharge, of existing employees.

The District has implemented drug testing as follows: (1) following the occurrence of an incident involving personal injury which requires medical care; (2) testing based upon a reasonable suspicion that the employee has illegal drugs and/or alcohol in the employee's system; (3) such other testing (including random, reasonable suspicion, or periodic testing) as may be required of the District by law, regulation or on specific projects or in connection with specific operations.

Testing Following Injury to Person or Property

If an employee is involved in an accident resulting in property damage or personal injury to that employee or another person, the District may require the employee to submit immediately to a urine drug and a blood alcohol test. In the event an employee is unable, as a result of injury, to provide a urine specimen at the time of the accident, the employee, as soon as he or she is able, must provide the District with written authorization allowing them to obtain hospital reports or other medical records that would indicate whether there were drugs or alcohol detectable in the employee's body.

Testing Based on Reasonable Suspicion

If the District reasonably suspects that an employee has used or has in his/her system drugs or alcohol on the job, we may require the employee to submit immediately to a urine drug and a blood alcohol test. Behavior or physical symptoms or psychological reactions commonly attributed to or associated with the use of ~~prescribed drugs~~ is alcohol or illegal drugs, or possession of substances or paraphernalia associated therewith, or other good faith belief of use, possession, or having drugs or alcohol in the employee's system, will be deemed reasonable suspicion and will result in testing.

Testing Required by State or Federal Law or Regulation

The District may require any employee to submit to alcohol and substance abuse testing, including random, reasonable suspicion, or periodic testing, where required by state or federal law or regulation. Such testing will comply, to the extent ~~permitted on the job~~ by such law or regulation, with the procedures contained herein. While random testing for the presence of illegal drugs may be required at times, employees will not be required to submit to random testing for the presence of alcohol.

Testing Procedures

All urine specimens for drug tests will be collected and tested by a National Institute on Drug Abuse certified laboratory. Blood samples for blood alcohol tests, where utilized, will be collected by trained personnel. Evidential breath testing devices of a kind approved by the National Highway Traffic Safety Administration may be utilized as an appropriate measure of blood alcohol levels.

Test results will be reported to the District and the employee may be required to furnish written consent if requested by the laboratory or by the testing service. An employee has a positive test when the blood alcohol content is at or above .04%, or when the test results reflect levels above the cut-off levels per the latest Department of Health and Human Services guidelines published in the Federal Register for the presence of the following drugs: (1) marijuana; (2) cocaine; (3) opiates; (4) amphetamines; and (5) phencyclidine. An employee also will be deemed to have a positive test if the test reveals use of prescription medications other than as prescribed.

Any employee is required, in connection with any test conducted pursuant to this policy, to execute a consent and release of liability form if requested to do so by the District or the testing laboratory. Refusal to execute such consent and release shall be deemed a refusal to cooperate fully in the test and shall result in refusal to hire or will subject an employee to discipline up to and including termination of employment.

The District will pay for the cost of tests required under this program. Any retesting performed at the employee's request following a positive test result shall be paid for at the time of testing at the sole expense of said employee, and the District shall incur no responsibility or obligation for the costs of such retesting, or in consequence of the results of such retesting. Any retesting shall be conducted using ~~only if it does not impair an employee's ability to perform the essential functions of the job effectively and the split~~ sample provided at the time of the initial specimen production. In other words, a person who tests positive may request "retest" using the portion of the original specimen that is maintained by the testing facility for a limited period of time and the District will not accept the results of testing on a newly provided specimen.

In the event an employee claims that a positive result is due to prescription drugs, the District shall require such employee to furnish a written statement from his or her physician specifying the name of the drug(s) and that the medication will not have an adverse effect upon the employee's ability to perform his or her duties in a safe manner ~~that~~. Such employee shall not be deemed to be engaged in work, or entitled to compensation by the District to return to work, until submission of such physician's statement and its acceptance by the District.

The District retains its sole and exclusive prerogative to alter, amend, eliminate, or replace all policies and procedures herein, insofar as they relate to applicants for employment (including those to whom a conditional offer of employment may have been made). The District retains full authority to issue, promulgate and modify, any rules relating or

prohibiting the use, possession, sale or distribution of any drug, alcohol, or drug paraphernalia in the workplace.

The District may elect to establish an employee program, which includes education and training on the effects of illegal drug use or alcohol abuse, and how to recognize signs of drug or alcohol abuse.

Drug and Alcohol Related Searches

In addition, employees are subject to search, including any personal belongings, while on District property. If an employee does not consent to and cooperate with any search, or is in violation of this policy, he or she will be subject to discipline up to and including termination of employment.

Disciplinary Action

Except as set forth in the “Exceptions” section below, the following disciplinary action will be taken: In the event of a positive test result, an employee or applicant is subject to immediate dismissal and/or an offer of employment will be withdrawn. The employee or applicant can then have (at the employee or employee applicant’s expense) the original specimen re-tested. For a current employee, if the retest indicates a negative result, no disciplinary action will be taken except that the time period between receipt of the first positive test and the subsequent negative result will not be paid time. If the retest is positive, this will be considered a positive result, which will subject the employee to immediate dismissal. For an applicant, if the retest is negative, the test will be considered negative for hiring purposes. If the retest is positive, the applicant will not be hired. An applicant who has a positive test result may reapply for employment six (6) months after the first date of application. If the test results are then negative, the applicant will be considered for employment. This in no way reflects or implies that an applicant will be offered a position with the District.

The District reserves the right to decide whether reasonable suspicion exists, the level of discipline to be applied and whether an employee should be given the opportunity to participate in a drug or alcohol treatment program.

Exceptions

The District will not discriminate against applicants or employees based solely on their status as a qualifying patient with a medical marijuana card issued by the State of Missouri. This means that employees who are not subject to Department of Transportation (or other federal agency) mandated drug and alcohol testing, and who are NOT applying for or employed in a position for which use of marijuana off-duty would adversely affect the ability to perform job-related employment responsibilities or the safety of others, will not be refused employment or be discharged based solely on a positive test for marijuana, if the applicant/employee is a qualifying medical marijuana patient and the drug test is not a reasonable suspicion test. A test based on reasonable suspicion is conducted when the employee appears to be under the influence at work and

a positive test for marijuana or any controlled substance or alcohol in such circumstance will result in discharge.

This exception does not ~~endanger other individuals in the workplace~~ apply to applicants for or employment in a position in which the person is subject to federal regulations requiring drug and alcohol testing or one in which off-duty marijuana use affects the person's ability to perform his job responsibilities or the safety of others, such as employees who use District equipment that requires a Commercial Drivers License (CDL) subject to drug and alcohol testing regulations implemented by the Department of Transportation (Omnibus Transportation Employee Test Act of 1991). Applicants for and employees in such positions will be refused employment or discharged based on a positive test for any drug, including marijuana, regardless of whether the person is a qualifying patient with a medical marijuana card.

Policy Violations

Violations of this policy may lead to disciplinary action, up to and including immediate termination of employment, or may require participation in a substance abuse rehabilitation or treatment program at the employee's expense. Such violations may also have legal consequences.

~~Employees who use District equipment that requires a Commercial Drivers License (CDL) are also subject to drug and alcohol testing regulations implemented by the Department of Transportation (Omnibus Transportation Employee Test Act of 1991).~~

8.4. DRIVER'S LICENSE SUSPENSION/REVOCATION

Any employee whose driver's license is revoked or suspended by any governing authority must immediately report the revocation or suspension to their supervisor. If an employee's state issued operator's license is suspended or revoked, and such license is a requirement of the employee's position with the District, the Executive Director may re-assign the employee to another available position with a corresponding pay adjustment or may terminate the employee.

8.5. VEHICLE ACCIDENT REPORTING PROCEDURE

When an accident occurs involving the use of a District vehicle or an employee driving his or her own vehicle while on authorized District business, the employee must adhere to the following procedure:

1. The employee must contact law enforcement (911) when a vehicle accident occurs.
2. The concerned parties must complete an accident report. An employee at the scene of the accident should obtain as much information as possible from the other individuals involved in the accident and any witnesses.

3. An employee should never assume financial liability for the District or responsibility for the accident or sign any statement or talk with a representative of an insurance company or attorney, without first talking to the HR Manager and the District's attorney.
4. The accident must be reported to the employee's immediate supervisor immediately or as soon as it is safe to do so.
5. In the event the employee sustains injuries in the accident, the steps outlined in the Workers' Compensation Procedures below should be followed.

8.6. **WORKER'S COMPENSATION**

PROCEDURE: Any individual who is involved in an accident while performing authorized duties for the District resulting in personal injury shall adhere to the following procedures:

1. Employee Injury Report: The employee must report the incident to his/her immediate supervisor and the HR Manager as soon as possible, but no later than the next working day after the incident by completing an "Employee Incident Report".
2. Supervisor's Investigation Report: As soon as practical, but no later than three working days following knowledge of the incident, the employee's immediate supervisor will perform an investigation and complete a "Supervisor's Incident Report" and provide it to the HR Manager.
3. Report of Injury: The supervisor, HR Manager or Executive Director will complete and file required claim forms with the District's worker's compensation insurance carrier upon completion of the Supervisor's Incident Report.

HEALTH CARE PROVIDER: The District and/or its insurance provider shall select the health care provider for treatment of an employee injured on the job who requires medical attention, unless such employee elects to select his or her provider instead. An employee injured on the job and requiring medical attention who opts to utilize a health care provider of his/her choice shall do so at his/her own expense. Employees are encouraged to contact the HR Manager to obtain a list of physicians who are part of the worker's compensation preferred provider network. This network provides lower costs for medical services. Employees who leave their regular duties due to an injury will be compensated at their regular rate of pay while obtaining medical care.

SUPPLEMENTAL PAY: Paid sick leave and vacation leave may be used to supplement any payments that an employee is eligible to receive from worker's compensation insurance. The combination of any such disability payments, paid sick leave and vacation leave received for a Work Week cannot exceed the employee's regular compensation for a 40-hour Work Week. Any employee accepting District-paid sick leave while performing work duties for another employer may be subject to disciplinary action up to and including termination.

8.7. CONFLICT OF INTEREST

Employees of the District are expected to avoid conflicts of interest with the conduct of District business or work. An actual or potential conflict of interest occurs when an employee is in a position to influence a decision regarding the District's business dealings that may result in a personal gain for him/herself, another employee, relative or friend. A District employee may not:

1. Perform any service for the District for receipt or payment of any compensation, other than the compensation provided for the performance of his or her official duties with the District, in excess of five hundred dollars per transaction or five thousand dollars per year, except on transactions made pursuant to an award on a contract let or sale made after public notice and competitive bidding, provided that the bid or offer is the lowest received.
2. Sell, rent or lease to the District any property in excess of five hundred dollars per transaction or five thousand dollars per year, unless the transaction is made pursuant to an award on a contract let or sale made after public notice and in the case of property other than real property, competitive bidding, provided that the bid or offer accepted is the lowest received;
3. Participate in any matter, directly or indirectly, in which he or she attempts to influence any decision of the District, when he or she knows the result of such decision may be the acceptance of the performance of a service or the sale, rental, or lease of any property to the District for consideration in excess of five hundred dollars value per transaction or five thousand dollars per year to him or her, to his or her spouse, to a dependent child in his or her custody or to any business with which he or she is associated unless the transaction is made pursuant to an award on a contract let or sale made after public notice and in the case of property other than real estate, competitive bidding, provided that the bid or offer accepted is the lowest received;
4. Perform any services during the time of his or her employment for any consideration from any person, firm, or corporation, other than the compensation provided for the performance of his or her duties with the District, by which service he or she attempts to influence a decision of the District;
5. For one year following the termination of employment with the District, perform any service for consideration, by which performance he or she attempts to influence a decision of the District;
6. At any time after employment with the District, perform any service for any consideration for any person, firm or corporation in relation to any case, decision,

proceeding or application with respect to which he or she was directly concerned or in which he or she personally participated during the period of his or her employment with the District.

Any employee who suspects a conflict of interest may exist should discuss the issue with the HR Manager, and for the Executive Director, with the Board.

8.8. **OUTSIDE EMPLOYMENT**

Employees may not engage in activities or perform work related to employment outside of the District during the employee's scheduled work time for the District. Employees who engage in such outside work activities during his or her work time for the District will be subject to discipline including but not limited to termination of employment with the District.

~~Subject to approval from the HR Manager, employees may utilize vacation leave or leave without pay to fulfill outside employment opportunities.~~

An employee shall not use District property for any purpose other than for District business, except with written approval from the Executive Director.

If the Executive Director, or in the case of the Executive Director, the Board, determines that an employee's outside work interferes with the employee's performance or ability to meet the requirements of their position with the District, the employee may be asked to terminate the outside employment in order to remain an employee of the District.

Reporting Outside Employment: Any employee who seeks to pursue employment outside the District, business interests in fields related to the wastewater industry, and/or outside employment that utilizes the employee's professional licenses and/or certifications shall present a written notification of each instance (or each project or client) to the Executive Director prior to accepting the work. The written notice shall outline the venture in sufficient detail so that potential conflicts of interest and job performance conflicts can be assessed. The Executive Director may approve or disapprove of the outside employment or business involvement. Such written notifications and related records will be maintained in the individual's Permanent Record. The individual will be responsible for keeping information on outside employment complete, accurate and current.

8.9. **SOLICITATIONS AND DISTRIBUTION**

Commercial or charitable solicitation by one employee of another is prohibited while either employee is on work time. Commercial or charitable solicitation of District customers is prohibited except where such solicitation is not made due to knowledge gained through employment with the District and is strictly prohibited during District work hours or while an employee is wearing clothing bearing District insignia.

8.10. DISTRICT PROPERTY

Equipment owned by District shall not to be used for non-District related reasons without prior approval from the Executive Director.

No equipment or furniture may be removed from District property unless the Executive Director has given permission.

Upon separation of employment, all District property in the possession of the employee shall be returned to the District.

8.11. INAPPROPRIATE CONDUCT/HARASSMENT

The District strives to provide a work atmosphere free of harassment. Harassing behavior can affect turnover, absenteeism, productivity, and physical and mental health. It may also be illegal, subjecting the District to liability if not corrected. Title VII of the Civil Rights Act prohibits harassment on the basis of age, sex, race, religion, ethnicity or disability.

Harassment in the workplace is inappropriate and not tolerated by the District. Harassment is any verbal or physical conduct designed to threaten, intimidate or coerce another person, including but not limited to: comments that are offensive or unwelcome; distribution, display or discussion of material that ridicules, insults or shows hostility or disrespect toward an individual, regarding or because of a person's national origin, race, color, religion, age, gender, sexual orientation, pregnancy, disability or other protected status; unwelcome sexual advance; requests for sexual favor, and other verbal or physical conduct of a sexual nature.

Any employee of the District who has experienced or witnessed harassment shall report the incident to the HR Manager, or the Executive Director if the HR Manager is the subject of the complaint. If the HR Manager receives notice that the subject of the complaint is the Executive Director, the HR Manager shall notify the Board.

Upon the filing of a complaint of inappropriate conduct or harassment, District staff shall initiate an investigation to determine whether there is a reasonable basis for believing the alleged violation of this policy occurred. The investigation shall be completed by the HR Manager ("Investigator"), providing that if the HR Manager is the subject of the complaint, then the Executive Director shall be the Investigator. The

Investigator may request and receive assistance from the District's legal counsel in conducting investigations whenever the Investigator deems such assistance necessary.

If there is a determination of a reasonable basis for believing a violation of this policy has occurred, the Investigator and supervisor will consider the number and/or severity of the violation(s), any prior complaints against the violating employee, and the quality of the evidence. Appropriate disciplinary action of the offender may include, but is not limited to, suspension without pay, transfer of assignment, probation, written or verbal warning, or termination of employment.

All documentation regarding a finding of harassing behavior shall be maintained in the offender's Permanent File. The Investigator or the supervisor will perform subsequent follow-up with those involved, if necessary, to ensure that the problem has been resolved and that no retaliation is taking place. Retaliation against an employee for filing a bona fide complaint under this policy, providing information as a witness in the investigation of a complaint under this policy, or serving as an Investigator of a complaint under this policy will not be tolerated by the District. It may be necessary, at the time a complaint is received for the Investigator to separate parties involved in a harassment investigation. If necessary, as much as possible, this will be accomplished with as little hardship to either party. Making a bona fide complaint pursuant to this policy will in no way be used against the employee or have an adverse impact on the individual's employment status, but filing groundless or malicious complaints is an abuse of this policy and will be treated as a violation. An employee who makes a groundless or malicious complaint of harassment shall be dealt with in the same manner as prescribed above for harassment offenders. If the victim believes the conduct in question constitutes a violation of criminal law, the victim shall be free to contact the law enforcement agency having jurisdiction.

Bullying is also unacceptable behavior for District employees. Bullying includes behavior that intimidates, degrades, offends, excludes or humiliates a worker, often in front of others. Bullying behavior creates feelings of defenselessness in the target and undermines an individual's right to dignity at work. Verbal bullying includes mockery, humiliation, jokes, gossip or other spoken abuse. Employees purposefully sharing false information is considered harassment, discrimination, retaliation, slander and defamation and all instances shall be investigated using the same process as described above for investigating complaints of harassment.

8.12. WORKPLACE VIOLENCE

It is the policy of the Board to provide a working environment free of violence and the threat of violence. All employees share the obligation to act individually and jointly to prevent or defuse actual or implied violent behavior at work. No employee acting in good faith, who reports real or implied violent behavior will be subject to retaliation or harassment based upon his or her report.

Violence or threat of violence, by or against any employee of the District or other person is unacceptable and will subject the perpetrator to serious disciplinary action, up to and including immediate termination, and possible criminal charges. The District will work with law enforcement to aid in the prosecution of anyone who commits violent acts against employees.

Possession, use, or threats of use of a deadly weapon, including all firearms, are not permitted at work, on District property or in a District vehicle.

When any employee of the District observes an act of violence at work the following steps should be taken:

As with any other emergency situation CALL 911 and report as many details as possible so that the appropriate emergency response units can be dispatched. Immediately contact the supervisor or Executive Director (or designee) who is the Workplace Critical Incident Coordinator, who may be contacted at any time and will ensure necessary resources are coordinated. Other steps following a critical incident at work will flow from this initial contact including disciplinary action for employees displaying violence.

If the situation is serious enough that possible termination may be involved, or the continued presence of an employee at the work site would not be appropriate given the altercation or particular circumstances, an employee may be immediately suspended with pay. In addition, the employee may be ordered not to return to the work site until further notice. This action may be taken with the Executive Director's agreement, following consultation with the supervisor.

Any workplace altercations, even if minor or verbal, should be reported to the immediate supervisor or Executive Director, and may justify appropriate disciplinary action up to and including termination.

8.13. PHONE SYSTEMS

District telephones are intended for District business. Personal calls on a District provided phone, whether landline or mobile, should be kept to the minimum necessary duration and frequency.

8.14. COMPUTER AND TECHNOLOGICAL RESOURCES

The District utilizes various electronic technologies and platforms to conduct its business. The District enters into agreements with various providers of electronic technologies, including banking and investments, billing and accounting, use of outside servers, etc., which require the District's acceptance of the terms of use under such contracts. Terms of use of any technologies used by the District apply to all District employees, as well as outside contractors or users the District authorizes to use such technologies in the course of providing services to the District.

Protecting the significant investment in the District's computer and technological resources, and ensuring proper licensing of any utilized technology in accordance with national, state and local privacy and security laws, are of the utmost importance.

The District has entered into a particular agreement in connection with the District's network, internet, voice mail, and e-mail systems. This agreement helps protect the District from liability by completing proper licensing agreements for software used by the District; ensures compatibility and cost-effective purchases of hardware and software additions; minimizes the possibility of inappropriate use of hardware, software and stored information, and establishes appropriate security measures to safeguard hardware, software and stored data.

The Board has authorized an Acceptable Use Policy for Computer Services and Technological Resources (the "Acceptable Use Policy"). In authorizing the Acceptable Use Policy, use of computer services and technological resources provided by the District constitutes an agreement to the guidelines and policies set forth therein by all users including full, part-time and temporary employees, and volunteers and contractors during the time they are using any of the District's computer services and technological resources. Under the Acceptable Use Policy, the Board has been designated the principle Administrative Authority to assure compliance with all applicable terms of use.

The Board has delegated compliance with the Acceptable Use Policy to the Executive Director or his/her designee. All users of the District's technology are required to read, understand and sign the Acceptable Use Policy prior to being allowed access to any District computer services and technological resources.

Any questions related to the acquisition or use of hardware or software or on the Acceptable Use Policy should be addressed to the designated Administrative Authority.

Inappropriate, illegal, or unapproved uses of the District's technology resources can result in disciplinary actions up to and including termination of employment. Any employee who becomes aware of abuse of any part of this policy, whether by an employee or outside contractor, should report it to the Administrative Authority.
