Dear Board of Trustees,

The generator which had to be rebid closed out at a purchase price of \$4,900, which was higher than the original bid that defaulted. We are fortunate that the default resulted in a higher bid price for us. We are currently working with the buyer to pick up the generator. The item has been paid for, so we should be done with this round of surplus property disposal. We will likely want to do our next round of surplus property disposal early next year.
