

RFP #07-2025 Selection Announcement – User Rate Study

The Boone County Regional Sewer District (BCRSD) is pleased to announce the selection of Stephen Connelly as the recommended service provider for the 2025 User Rate Study, following the completion of the Request for Proposal (RFP) #07-2025 process. This RFP sought qualified firms to conduct a comprehensive analysis to support BCRSD's 20-year Capital Improvement Plan (CIP) and ensure financial sustainability across the district.

Based on the evaluation criteria outlined in the RFP, Stephen Connelly presented the lowest bid, met all RFP requirements, and demonstrated the qualifications necessary to perform the study effectively. The Evaluation Committee reviewed all proposals and determined that Stephen Connelly's submission best meets the objectives of the User Rate Study and offers the most advantageous value to the District.

Two proposals were received and evaluated as follows:

- Raftelis – \$59,900.00
- Stephen Connelly – \$27,820.00

Following review, the Evaluation Committee unanimously recommended Stephen Connelly for contract award. This selection represents an important step toward maintaining fair and equitable user rates for BCRSD customers and ensuring alignment with the District's strategic financial goals. The contract award will proceed following formal approval by the BCRSD Board of Trustees.
