Dear Board of Trustees,

You will find a later consideration item to request agenda placement for our AWMP and CIP on the April 8th, 2026 Clean Water Commission Agenda. The preliminary user rate study is in progress, so my proposed timeline is to present the final document for board approval at the February meeting. Afterwards, we will conduct a final public hearing in March and compile and submit any transcripts, attendance logs, recordings, or other records to the Department of Natural Resources for review.
