Dear Board of Trustees,

The Engineering Manager / Engineering Technician position has been posted and I am currently collecting applications. Initial interviews will likely start by the end of January. As we are currently short on office space, my hope is that this hire aligns with moving into the temporary space we are considering leasing from Boone Electric. I will likely ask if there is a volunteer from the Board willing to sit in on a final interview with this candidate, as we did in the circumstance of my initial hire.
